

A Prayer for Peace

God of love, O King of peace,
 Make wars throughout the world to cease.
 The wrath of sinful man restrain,
 Give peace, O God, give peace again!

Remember, Lord, thy works of old,
 The wonders that our fathers told;
 Remember not our sin's dark stain,
 Give peace, O God, give peace again!

Whom shall we trust but thee, O Lord?
 Where rest but on thy faithful word?
 None ever called on thee in vain,
 Give peace, O God, give peace again! Amen.

H. W. Baker, 1961

Arrangements For Bloodmobile Visit Now Being Made

We are planning, if the workers want it, to have the Red Cross Bloodmobile visit our village. Many of our people have already expressed a desire and whole-hearted support for this contemplated visit. Details and arrangements will be announced as soon as they are definite.

If you haven't registered to give your pint of blood to help our boys in the service don't hesitate, but get your name down now.

We worked at the Bloodmobile Unit in Spartanburg one day and there were as many or more women than men who were there to give blood. We watched the procedure carefully and they take your hemoglobin, blood pressure, and ask various questions to be absolutely sure that it is safe for you to be a blood donor. There were very few that day who were not physically able to give blood. We helped with the work and watched the donors afterward, and none seemed to have the least discomfort. They keep you for a bit, give you something to drink and eat and make sure that you are all right before they let you go.

The only one we saw who keeled over was a great big husky guy that talked so much and so big while it was going on that we knew at once he was scared silly. You can always tell. We took him out to the table and he had his coffee and cookies and sat there a while still making wise cracks and then just keeled over. It was awfully funny to us for we had been looking for that to happen. You know how people whistle in the dark.

Then we saw some little slender women who had given their quotas of blood five times during the year. Usually when we talked to them, it was some one who had loved ones in the service and they knew it might mean that boy would have blood ready if he needed it badly.

We are happy that we are to have the Bloodmobile here and we hope everyone who can will register. Put your name down and be assured they won't take you unless you are physically able to give the blood.

—BELLE FULER, R. N.

New Arrivals

We are pleased to hear that a baby wee, Adds another twig to the family tree. May every turn of time's old clock Prove it more of a chip off the good old block.

To Robert and Dot Tollison, a son.

Pat and Ruby Petty Kirby is a daughter. Mary Katherine is the name, which will be shortened to Mary Kate, so the little bird told us.

Walter and Erlene Stapleton Neal a son, born Feb. 2, name Gary Carl Neal. Walter says the date makes him a little ground-hog.

Mr. and Mrs. Roy Petty, in January, a daughter, Carey Elizabeth, who will be called Beth.

Mr. and Mrs. David (Shorty) Long, Jan. 25, a son, Kenneth Wayne.

Mr. and Mrs. Brian Mack (Catharine Padgett) a daughter, Feb. 11.

NOTICE

There seems to be some misunderstanding about who may be included as dependents under your Group Hospitalization Insurance Policy. If you will refer to your policy you will find the following definition of dependents:

Eligible dependents are the following members of the Employee's family who are not eligible for insurance under the policy as Employees of the Employer:

- a. The Employee's wife.
- b. The Employee's unmarried children under 18 years of age.
- c. The Employee's unmarried children 18 years of age or over who are either (1) attending school, or (2) who for a period of least three months have been prevented from working by bodily injuries, sickness, or disease.
- d. The Employee's husband who has been totally disabled by bodily injuries, sickness, or disease for at least three months.
- e. The Employee's brothers and sisters under 18 years of age, father and mother who have been residing permanently with the Employee and wholly dependent upon the Employee for maintenance and support for at least three months.

If for any reason you are not quite sure whether you are eligible for a dependency policy, we will be glad to talk to you about this at the Employment Office.

Sailor Son Sends Poem To His Mom

This poem was sent by Jackie Hammett, one of our newest sailors, to his mother.

I LOVE MY MOM

Dear Mom, A sailor's love I know is true;
 I've had experience, as most sailors do.
 I know my love will always be
 As strong for Mom as hers for me.
 It's not hard for a boy to love
 A Mom who works for the Lord above.

My Mom knows I'm far away,
 But I'll be back another day.
 I've seen lots since I've sailed the sea.
 But I'll never be happy unless
 Mom's with me.
 Mom always tried to tell me the best,
 But I guess I listened to all the rest.

I love my Mom more and more each day,
 I even get down on my knees and pray,
 And ask the Lord to take care of Mom for me
 And not let her worry while I sail the sea.
 I love my Dad and Brother, too,
 So take care of them all Lord, whatever you do.

THANKS

Mr. and Mrs. Jim Bright wish to thank their many friends of Pacolet Mills and White Plains community for their kindness, expressed in sympathy, help and lovely flowers, at the time of the illness and death of Elizabeth Cobb Bright.

Mr. and Mrs. Arthur Goforth and Joyce, and Mr. Ernest Stalworth spent the weekend of the 16th with Margaret and Ernest White at their new home in the Overbrook section of Spartanburg.

Ahoy, There

JOHN W. WYATT, S.A.

John is the sailor son of Mr. and Mrs. James Wyatt of Pacolet, Route 1. He is stationed at Pearl Harbor.

Birthday Party For Joanne Allen

Mrs. Lawrence Allen, assisted by Mrs. Ruth Tollison and Mrs. Nettie Rice, gave a birthday party on Feb. 9, celebrating Joanne Allen's 15th birthday. Mrs. Tollison presented Joanne with a corsage of Talisman roses. Games and refreshments and many good wishes for more happy birthdays were enjoyed by Jack and Joe Fleming, Andrew Petty, Otis Smith, Frank Goforth, Kenneth White, Tecey Bryant, Donald Martin, Shirley Banks, Peggie Fowler and Margaret Rice.

Mr. and Mrs. J. C. Arnold took a business trip to Columbia on Feb. 8.

Community Land Marks Origin Told

We promised to tell you how Keg Town, Can Hollow, and the nickname, Dummy for our engine came about, and here is what the old timers told us:

KEG TOWN

Keg Town, in the old days, had a saloon, the building of which still stands behind Carl Whitlock's store. It had a basement, and a man named Littlejohn ran it. He got his beer, wine, and whiskey in kegs and kept it in the basement. Mr. Goudelock says you could name your drink but it all tasted about alike, since whichever keg was handiest was tapped first. Anyway, the empty kegs were just pitched outside and anyone could carry them off or they just collected there, and the place received the name of Keg Town from this continual litter of kegs and the smell of alcohol.

Sometimes we wonder if our people realize just how far we have come from "the good old days." Of course we can stand a lot of improvement still, but when these oldsters talk of stills running wide open at every crossroads and whiskey flowing like water, it makes us have a heap of confidence in our own generation.

CAN HOLLOW

Well, they tell us that in the old days Can Hollow was just a gully between two stores. No one seems to have considered sanitation as one of the virtues, and the men would gather at the stores, open canned goods, eat contents and go to the door and pitch the cans out into the gully. Probably Can Hollow still has a sub-surface of old tin cans. It is a neat, trim

little street now, but in the old days it wasn't the finest residential part of the village.

THE DUMMY

Carl Whitlock says the first engine we had on the spur track from Pacolet was a very small engine and pulled about two cars. Even then its small size amused the spectators and they named it the Dummy engine, and through the years the Dummy it has remained. Dave Hodge remembers the time the road was built, and the engineer was named Tom Brockman. The guys would say, "Let's go down the hill and watch Tom Brockman bring the Dummy in." That, of course, was an event in the drab yesteryears.

LETTERS FROM SERVICE MEN

We had nice letters from Bobby Worthy and Donnie Seay. Donnie (Moon) is still in Minnesota at Ft. Snelling. He is planning to play ball again this year and is thrilled at the prospects. Wants all his friends to wish him luck. He said we wished him luck last year and he really had it. Well, we wish you a successful year in the Air Force and baseball too.

Bobbie Worthy writes a most interesting letter. These boys always manage to surprise us. He says he is very happy in the service and wants to thank Pacolet and the Church which made it possible for him to have the good news. Bobby, with Warren Greene and James Guyton are on the U. S. S. Iowa. He says they met Bud Teaster, Donald Kirby, Liston Jones, and Billy Thompson and had a Pacolet reunion. These boys are getting a wonderful experience in the service.

Mr. and Mrs. Jim Fleming and Don took a long weekend trip to Bristol, Tenn., to visit the Judge Robinettes, and on to Kingsport, to visit other relatives.

Pacolet High School Activities

CALENDAR OF EVENTS

Senior Class Play, March 27-28.
Washington Trip, April 5-10.
Junior-Senior Banquet, April 19.
Spring Concert, to be announced.
Spring Festival, to be announced.
Baccalaureate Sermon, May 5.
Graduation Exercises, May 27.

THE PRO CLUB

The Pro Club of Pacolet High which is an organization for advanced commercial students, holds monthly meetings in the commercial room with the sponsor, Mrs. Roy Morrell.

The club chose as its February project the making of song books for assembly programs. The books consist of approximately 70 songs including popular and sacred song alike. A book case was bought for the commercial room as a project for January. The Club is planning a theater party for March 7.

The members of the Pro Club are:

Tiny Padgett, Roy Mathis, Dallas Manis, Helen Shelton, Tonie Thompson, Ann Crawford, Anne Shealy, Katherine Tucker, Margie Brown, Elizabeth Brown, Billy Turner, Palmer Bishop, Samuel Millwood, Mildred Pittman, Becky George, and Merle Allie.

BETAS ATTEND CONVENTION

In order to get in on all the "Fun and Follies" of the National Beta Club Convention, held annually in Columbia, S. C., 22 members of the Pacolet High Beta Club chartered a bus Friday morning, Feb. 15, enroute for Columbia, S. C.

Upon arriving, the Pacolet chapter, along with the many other Betas from all over the state registered and began making friends and campaigning for Anne Shealy, candidate for State Beta Club President.

The highlight of the convention was the talent show on Friday night consisting of skits by each chapter represented.

After the talent show everyone except Mrs. Lee, Ann Shealy, and Joan Robinette who remained for the elections, trooped to the bus and started for home, taking with them many fond memories which they had shared during the convention.

Those attending were: Merle Allie, Gene Brown, Shirley Caton, Jeanine Epting, Alfred Parker, Bob Rice, Joan Robinette, Anne Shealy, Tonia Thompson, John Trowell, Kenneth White,

Orilee Allsbrooks, Charlotte Baker, Shirley Banks, Amelia Campbell, Emilie Foster, Sylvia James, Annie Mae Petrie, Gene Reeves, Donnie Ward, Nancy Watson, and Katherine Tucker.
Miss Betty Pitts and Mrs. Anne Lee, local sponsors, chaperoned the group.

PLANT SHRUBBERY ON CAMPUS

The Home and Garden Club in cooperation with the school, has added many new pieces of shrubbery to beautify the school campus. In addition to seven beds of azaleas on the front campus, two more were planted to complete the design. In the spring the colors will range from bright red through shades of pink to lavender. The Home and Garden Club's contributions bought shrubbery to plant around the annex. Other places beautified were the gymnasium and lunch room entrances. The shrubbery was planted under the supervision of Mr. Corn and the Ag. boys.

BOB RICE SELECTED ATHLETE OF MONTH

There can be no doubt that one of the most likable seniors to pass through the portals of Pacolet High School is Bob Rice, Secretary-Treasurer of the student body.

This popular senior likes to eat, read sports books, and play baseball in his spare time.

In the line of sports, Bob, better known as "Churn", goes all out for baseball but he likes all of them. He has played basketball as well as baseball during his high school career.

"Churn" says as far as music is concerned, "My Wonderful One" will always be a favorite of his, and there are no singers like Vaughn Monroe and Doris Day.

This 5'9", black-haired, green-eyed, senior says that if he has to be studying, he'd like Mrs. Lee as the teacher and History must be the subject. Both are tops with him! He declares that about, the only thing he really dislikes is two-faced people.

Bob's friendliness and sunny disposition, combined with his good humor, have won him many friends around ole P. H. S. He is a member of the Beta Club, Block P Club, Athletic Council, and Quill and Scroll. He says chicken is tops in his food category and blue is his favorite color.

"Churn" put his order in for a girl with brown eyes (looks like blue eyes have lost out), auburn hair, about 5'5" tall, and 120 pounds. She must be a good cook, easy to get along with, and pretty.

—The Telapaco.

Self Employed To File Return By March 15th

Self-employed persons now have one year's coverage under Federal social security, according to Eugene F. Cornelius, manager of the Spartanburg office of the Social Security Administration. Self-employed persons were first brought under the law effective January 1, 1951. In order to receive social security credit for their 1951 self-employment income, Mr. Cornelius reminds owners and partners in trades or businesses that they must include a special report along with their income and tax return on or before March 15.

The social security tax report is required of all persons having a net income from self-employment of \$400 or more in a year. The only exception is those persons who are farm owners or operators and professional people, such as physicians, dentists, lawyers, accountants, funeral directors, and some others.

The amount of tax from self-employed persons on their net income will range from a minimum of \$9 to a maximum of \$81. The rate is 2 1-2 percent on self-employment earnings up to \$3,600.

It is very important, Mr. Cornelius stated, that the self-employed person apply for a social security account number if he has never had one before or if he has lost his original card. This number will be needed when he files his income tax return and it is the only means of assuring that proper credit for his net income can be given.

The Spartanburg social security office, at 108 W. Dunbar Street, will be glad to furnish further information. Mr. Cornelius suggested that all self-employed people ask at the social security office for a copy of DO YOU WORK FOR YOURSELF?

THE MARCH OF MOTHERS

The response in this effort was magnificent and typical of our people when a worthy cause is presented. Even though the boys and girls had done a thorough job of canvassing, contributions from the MARCH OF MOTHERS amounted to \$256.43.

From the beginning to the end a cooperative, enthusiastic attitude was evident. Without exception, each Contact Mother when asked to give her service, said: "I'll be glad to do my best." And that's just what each did.

On Thursday evening when making her report again, each one said, "I enjoyed the visiting." Such was the case because individuals in the homes were sympathetic, generous and kind toward the endeavor.

The following is a report by streets with the Contact Mother and amounts given:

Street	Contact Mother	Amount
Granite	Mrs. J. C. Arnold	\$ 9.55
Cleveland	Mrs. Tezza Smith	12.75
Green	Mesdames J. A. Mathis, Arthur Goforth	30.10
Limestone - Moore	Mesdames David Walker	
	Willie Goforth	27.87
Montgomery Ave.	Mrs. Furman Mabry	24.32
Fleming	Mesdames John E. Hogan	
	Will Hodge	20.11
Walker	Mrs. Furman Bryant	16.28
Cameron - Pine	Mrs. Cliff Winters	7.86
Stone	Mrs. Kansas Goforth	30.05
Milligan	Mrs. Wilson Lee	10.00
Brewster	Mrs. Ben Hogan	31.00
Victor Park	Mrs. John Poole	36.54

Such a report is one of which we can be proud. We sincerely hope that none of the money will be returned to our community for polio therapy.

Very gratefully,
Mrs. C. T. Holland.

HOUSEHOLD HINTS

Ironing Pockets

Fancy, gathered pockets, like those on little girls' party dresses, are a cinch to iron if you stuff them with soft tissue paper.

Saves Steps

A towel rack nailed to the wide end of your ironing board or near it, will save you steps when you're ironing small pieces.

Boiling Sweetpotatoes

Add a slice of lemon to peeled sweetpotatoes while they are boiling. It will keep them clear and free of any discoloration. This is especially true for candied sweetpotatoes.

Ironing Hint

If you're ironing, and all of a sudden decide you want to stop, don't hesitate just because you have a batch of dampened clothes. Put the clothes in the refrigerator. They'll stay damp and you won't have to worry about mildew.

HEALTH NOTES

Liver as a food delays fatigue.

The narrow shoes of former years are responsible for most of the cases of crippled feet today.

The shape of your body affects your health.

Lack of thyroid extract changes whole appearance of adults and children.

As much as 20 pounds of fat are required for the body always, and it is called "fixed fat."

The best sources of vitamin C are citrus fruit, green leafy vegetables, tomatoes and berries.

Emotional disturbances may cause anorexia nervosa, the symptoms of which have nervous reactions and underweight.

Exercise trades useless fat for useful muscle.

A heart patient, after getting back on his feet, needs nine to 11 hours rest at night with an hour's relaxation in the middle of the day's work.

People may become sore and stiff from mental as well as physical trouble. These patients are tense and highstrung.

Meat and other proteins are always used in reducing diets, because they burn up fats and starches.

Lack of nourishment in the elderly sometimes shows up in inflammation of the lips and tongue.

By having a periodic physical examination, we would obtain health insurance which is as important as life insurance.

more than 50 outlets in major cities in the U.S. and Canada and stands to gross a cool \$150,000 to \$200,000 this year.

Forgotten Friends

"There was a little timid knock on our office door," relates Uncle Jake, the famed Kalamazoo philosopher. "We opened it, and there stood a man eighty odd years of age, one of the finest, sweetest souls that God ever made, a man we had known for years, but in the hurry and rush of our business, and because he was on the shelf, we had lost track of him. As a matter of fact, we had neglected him."

"He took the chair we offered him, and tears came into his old eyes as he said, 'I just had to look you up. I don't get out very much; most of my old friends have died, and, of course, the younger ones, like yourself, are busy. But this morning, as I came down the street, as I looked at men who looked at me and

then passed on without even a nod, I was so hungry to see a familiar face, and hear a familiar voice, that I just had to look you up. But I won't bother you—you are a busy man—"

"The old man tottered to his feet; we gently pushed him back in the chair. We kept him as long as he would stay, and as he left, we told him we were going to drop in at his home for a good, long visit. He said he would be so glad. We fully intended to, but business piled up on us, and this morning we hear that this good old soul had taken the long trail. Now we are full of regrets. Do we businessmen get so absorbed in our business that we fail to rap at the other fellow's door occasionally? We think so."

—Sunshine.

Personal Mention

Marjorie Fleming, daughter of Lawrence and Mittie Fleming, and James Murray, son of Dexter and Blanch Murray, were married in Spartanburg on Feb. 9. The young people will make their home for the present with the Dexter Murray family. We wish this young couple every happiness.

We welcome Mr. Earle Mason into the official family. He is taking Joe O'Neil's place in the payroll department, and Joe goes upstairs to the shipping department.

We are very sorry to lose Francis Mabry and his family. They will go to New Holland where Francis will be office manager of Pacolet Mill No. 4 at New Holland, Ga.

The Youth Fellowship of Asbury Methodist Church held its annual social on Saturday night, Feb. 16 at the home of Mrs. Austin Fisher. Games and refreshments marked the evening for 12 members and their pastor and his wife, Rev. and Mrs. Roland Franklin.

Mr. and Mrs. Boyd Brown and family and Mr. and Mrs. Keim of Rhodhiss, N. C., spent the weekend of Feb. 17 with the Glass relatives. Mr. and Mrs. J. L. Glass, of Fingerville also joined the family party.

Jackie Fleming was home the weekend of Feb. 17 and Bobby Patrick has been home on furlough. It's wonderful to get them home if only for a short time.

SURPRISE BIRTHDAY CELEBRATION

Mrs. Alice Wells was surprised on her birthday by a huge birthday cake iced in white and decorated with red roses, and all of the necessary candles. Her children presented the cake and all called during the day, Feb. 11, to remind her again on this special occasion of their love for a good mother.

THANKS

Mr. Gerald Holmes, who has recently recovered from an appendix operation, wants to use these columns to thank his many friends for their visits, flowers, and concern for his welfare during his illness here.

THANKS

Mrs. Minnie Ingle wants to take this means of saying THANKS to the many friends who remembered her with visits, gifts, flowers, and prayers while she was ill and during her stay in the hospital.

THANKS

Mrs. Berry Parker wishes to thank the many friends and relatives who were so kind to her during the illness and sudden death of her husband. The flowers, visits and friendship made this time of trial easier to bear.

THANKS

The family of Mr. and Mrs. John B. Whitlock wish to thank their many friends for their kindness, sympathy and floral offering during the time of the illness and death of Mr. Whitlock.

IN APPRECIATION

I wish to thank all the friends for the flowers, cards and other kindnesses which were so much appreciated at the time of my father's death.

—Miss Dorothy Tweed.

Young Abe Lincoln took a sack of grain to a mill whose proprietor was known as the laziest soul in Illinois.

After watching the miller at work for a while, Abe commented drily, "I can eat that grain as fast as you're grinding it."

"Indeed", the miller grunted, "and how long do you think you can keep that up?"

"Until I starve to death," said Lincoln.

Home of Mr. and Mrs. Johnny Hammett

Johnny Hammett bought property on the Gaffney Highway and he and Mrs. Hammett and the boys remodeled the house themselves and did a wonderful job. They just learned as they went along. They put up wall board and ceilings, laid hardwood floors and sanded them and did all the painting and finishing.

They have a six room home, surprisingly roomy. They have three bedrooms and a living room, dining room, kitchen and bath. The kitchen cabinets are not completed yet, and the bathroom floor is waiting for the covering, but they have a really comfortable small home and are so happy in it. Now Mrs. Hammett is planning on her yard and garden. They have 13 acres; some will be planted and some sowed to pasture. There is a small tenant house on the place which is rented. They have chickens now and plan to have a pig and cow for another year.

Hamlet and Ernestine Wilkins Lipscomb's Home

We visited the home of Hamlet and Ernestine Wilkins recently. This young couple and their two children have a lovely country home which they built themselves and are continually remodeling. They started out with four rooms and a pantry and large closet, then decided they needed an extra room, so enclosed the back porch and included the pantry in that, and made a lovely kitchen, all modernly equipped. The large closet was made into a lovely bath; they have a well and water pump in the basement. Then Hamlet decided he still wanted a basement, so he dug it out and had it rock-walled with an opening from the outside and stairs down from the dining room. They took out the door between the dining and living room and made a large archway, which produced lighter, roomier living space. Then the back porch was enclosed with concrete block, screened glass windows, making a wonderfully cool porch and nice working area. Ernestine and Hamlet Jr. repapered the living room and dining room in a regular professional manner. The basement has a concrete floor with rock walls, and is equipped with water heater, electric washer, shower bath and large closets where Ernestine stores her canned goods. There is an alcove in one corner of the basement about eight by twelve feet where they plan to install a freezing unit with walk-in entrance. We can't think of anything more they need for comfortable living. Their plot contains about four and a half acres, most of it planted to pine trees. They have a nice garden space, raise their own chickens and meat. The present "pine farm" contains about 400 trees and 1000 more are being added now.

Hamlet has worked for Pacolet for most of 20 years. We believe he was born in the village for his family lived here when we came to Pacolet, which was about 36 years ago.

Mr. and Mrs. Paul Wells' Home

We visited Paul and Frances Wells in their new home on the Jonesville highway. They have a lovely little home, two bedrooms, living room, kitchen, hall and bathroom, also nice and new and very beautifully furnished. As usual, the kitchen took the eye. It is floored with red and yellow tile linoleum. The breakfast furniture is yellow plastic covered and the walls buttercup yellow. The built-in cabinets, electric range and heater makes the kitchen very convenient. The windows are framed in red plastic ruffle. The living room has walls of pale green; one bedroom is blue and one rose, and the bathroom has blue fixtures with rose draperies.

Paul and Frances have one small son, three and a half years old, to keep them from being house proud, for you can't have a small boy around and keep everything spic and span, which as it should be. We still think it is so very smart of these young couples to be able to own their own homes, and such beautiful homes at that. The Wells have both worked at Pacolet for eight or ten years.

Home of George and Pauline Goforth

We visited a real country home in February and didn't realize how big a home it was until we called there. This home has ten rooms with two bedrooms, dining room, modern kitchen, a bath and dressing room, a glassed-in sun porch which is used as a summer-kitchen and utility room, and a sewing room on the first floor. The upstairs has two large bedrooms.

We mentioned the modern kitchen, but one thing that took us back was a wood-burning range that Pauline says she just cannot do without, although she has electric range, too, for quick cooking.

Mr. George has nine acres in his place and all but the home lot is planted in wheat. He said he has room for the children to build homes there, but Ruth and John L., who are those at home now, can't see investing in another house with all that big house there. They live within the Pacolet town boundaries and think it's fine. Ruth said they have a street light, have the garbage carried out once a month and hopes at some future date to get a water system for the town.

Mrs. Goforth has been working for Pacolet for 42 years, Ruth has worked here for nine years and John L., with the exception of the time spent in service, for 12 years. George works for B. S. Thomas but says he wouldn't think of having his own grocery business — too many headaches. This is a happy family and we were glad to visit with them.

Home of Mr. and Mrs. James Whitmire

James and Hattie Lou Whitmire bought a cottage at Pacolet which was built by Will Bryant. It is a much larger house than is apparent from the outside, with three large bedrooms, living room, kitchen, a large central hall, and nice sized bathroom. We think the James traded some farm land on this home, but they have room at their new location for a nice garden. The home is equipped with built-in

cabinets, electric range and heater.

James and Hattie Lou both work for Pacolet and have for a number of years. Hattie Lou was a WAC in World War II, and when she got out of service she came back to work at Pacolet. The Whitmires have three young children.

Pacolet Mills Baptist Church

In addition to our regular schedule, there were several activities by different groups during the past month.

The younger of the two Adult Departments of the Sunday School had a banquet in the Social Hall. It was a steak supper, with all the accessories. There were 85 present. Mrs. Grace Tate is the superintendent of this department and T. J. Trowell and Mrs. W. A. Burgess and Mrs. Jno. Reeves, are the teachers.

The week following the 10th of February was Y. W. A. Focus Week. Part of the evening was taken up with a study course. On Wednesday evening they had charge of the Prayer Meeting Service and had a very impressive program. Then Thursday evening they had their banquet. Mrs. Mary Reeves is the leader of this group.

The Woman's Missionary Society asked the Brotherhood to have charge of the program for their monthly meeting. The Brotherhood got Rev. Taylor, pastor at Lockhart, to show his slides he had made from his trip to San Francisco where he attended the Southern Baptist Convention, starring Miss Isabelle Moses and Margaret Tate, who appeared on several of the slides.

Four adults were baptized at the evening service Feb. 17. This makes 25 who have been baptized during the past three months.

The Brotherhood had its monthly meeting Feb. 18. A very fine supper was served by Mrs. Ma-

Cock and attendants from the hotel. Several hymns were sung and two selections were given by the quartet. The following made short talks: Alfred Parker, Earl Morgan, D. B. Greene and Foy Baker. There were 24 men present. W. T. TATE, Pastor.

Little Cowpoke

KENNETH WAYNE KIRBY
Looking as if's developed an interest in animals (of the toy kingdom) early in life is Kenneth Wayne Kirby, 22 month old son of Mr. and Mrs. James (Hattie Poole) Kirby Jr.

Methodist Church News Items

It is certainly gratifying to notice that the work of our Church in general has been progressing very nicely in recent weeks with encouraging signs of vital interest in the cause the church tries to represent and to promote in the community. While we realize the fact that we should not be contented or satisfied with past achievements, we are happy when we know we are going forward and are very thankful for the spirit among our people that leads to advancement of the Church and its work.

The Methodist Men's Club held its monthly meeting in the Social Hall of the Church on Monday night, Jan. 28. The members of the Program Committee arranged and presented a very interesting and helpful program to those present. After this program was presented the President of the Club took charge of the meeting for the transaction of the business of the organization. The members adopted a worthy and noble deed to perform as their special project for the month of February. This project has already been completed. After the business session was over those present enjoyed refreshments prepared and served by the Arrangement Committee. The Methodist Men's Club in our Church is not yet a year old but has proved to be a much needed organization in our Church and has served well by doing a number of noble deeds for others.

On Sunday morning, Feb. 10, we observed Boy Scout Sunday with special recognition being given to the members of the Boy Scout Troop sponsored by the Church. A Scout was used as our organist and other Scouts were used as ushers. The Scouts sat together with their own leaders, Buddy Foster and Paul Petty. Seated with these were four of the Troop Committeemen, Frank Harold, J. E. Campbell Jr., Otha Parker and I. W. White. Two of the Palmetto Council Boy Scout Commissioners were also present. They were Haskel Kimberlain and Curtis Puckett. The pastor delivered a special message for the occasion on the subject, "A Boy And His Lunch". The Church was practically filled for this service and many expressed pride in the work our Scout Leaders are doing for the boys of the community.

Laymen's Day was observed in our Church on Sunday morning, Feb. 24, with the members of the Methodist Men's Club in charge of the morning service. Several of the club members spoke to the congregation on some phase of the general subject of the day which was "My Church And Her Mission To My Community." Other members of the Club were used in various parts of the worship service.

Arrangements have already been made to have a representative of the organization of the Gideons present at our Church on Sunday morning, March 9, and present the history of the organization and to give information concerning the work of this organization of Christian businessmen. We earnestly request all who can be present for this service to please do so.

We would like very much to take this opportunity to remind each and all the people of our community that special Revival Services will begin in our Church on Wednesday night, March 19 at 7:30 o'clock and will continue each night through March 30. The Rev. James O. Gilliam of Spartanburg, will be the visiting minister for these special services. The Rev. Gilliam is a native of Newberry County and graduated from Newberry College and Duke University. He is Secretary of Evangelism of the Spartanburg District and is on the Conference Board of Evangelism. He is a very forceful and effective preacher with

evangelistic fervor. We, the pastor and members of the Church earnestly invite each and all our community to attend as many of these services as possible.

We had a fine group of our Sunday School workers to attend the sessions of the Christian Workers Leadership Training School held recently at the Central Methodist Church in Spartanburg. Those who attended received much valuable information concerning the work of the Sunday School and were inspired to return to their respective places of service in the church and apply the knowledge they gained to make our School more efficient in its ministry of teaching those of all ages the way of righteousness.

THANKS

We wish to sincerely thank all our friends and neighbors who were so kind to us during the loss of our home. The offerings and gifts were greatly appreciated. We also wish to thank all those who took part in the household shower. Everything received was very nice and much appreciated. May God bless each and every one of you is our prayer.

—The Family of Mr. and Mrs. Johnnie Henderson.

BIRTHDAY PARTY

Floyd Wayne Sprouse, eight year old son of Albert and Iva Lee Sprouse celebrated his birthday Jan. 22 by having a party given for him, and 21 of his friends were present. They had an evening of games and fun, and wonderful refreshments of sandwiches, potato chips, candy and cold drinks. This picture will give you an idea of what a very fine young man Wayne is.

Personal Intelligence

Mr. and Mrs. Sam Moyer (Mary Holmes) have returned to their home in Spartanburg after a trip to Reading, Pa., where Sam's father is ill. While they were gone Billy Holmes Moyer was involved in a slight car accident, without serious injury. The boy he was riding with was driving on wet pavement and the car skidded and an oncoming car skidded into them. Billy was bruised but no bones were broken.

We are delighted to hear that the Pacolet School has a new bus, painted with the school colors, which will be used exclusively for the activities of the school. We understand that at least a part of the cost of this bus was covered by the sale of old buses.

We do want our school to be tops in every way and the athletic program is an important part of school life. This program may be instrumental in keeping some of our young folks in school to finish the course who would otherwise drop out without this added attraction.

And then, well, we just naturally like to see our young people having a good time and are in favor of anything that adds to the brightness of their youth which lasts such a short time at best. Who was it said, "Youth is such a wonderful thing it's a shame to waste it on children"?

We just don't feel that anything we do for children can possibly be wasted.

Shelton Worthy and Homer Messer decided on the spur of the moment to go to see some of Homer's pals who were with him in Korea. The trip by bus took them through Charleston, Bluefield, Huntington, and Barbersville, all in West Virginia. They were within a few miles of the Iowa River flood. We think the boys are just wonderful that they can just hop a bus without even a nightshirt and go traveling, when girls will spend a month planning to go for a weekend. Homer is at Ft. Jackson now, and in looking over the file we don't seem to ever have had his address. Please get it to us now.

The opening of the new weave room office was Fiesta Day at No. 5. Foy Baker, overseer, and Virginia Harmon, secretary, were the official hosts, and Virginia made everyone love her by baking a flock of delicious pies. They served pie and doughnuts and coffee to all comers, and everyone was

congratulating them on their lovely new office, and I suppose being a bit envious, too, for it is the nicest mill office we have now. Anyway, we are happy that they are next door to the Nurse's office. We don't feel so segregated, with neighbors.

Mrs. Brady Arnold visited her son Sam and his wife in New Holland, Ga., the week of Feb. 10th.

Mr. and Mrs. Felix Parker visited Mrs. Parker's sister and her husband, Mr. and Mrs. Fred Whiting, in Belmont, N. C., Feb. 10th.

Mr. and Mrs. Guy Taylor of Cross Anchor visited the Johnny Hammetts the weekend of Feb. 2.

Bob Mason, who is working with the Department of Agriculture, has been promoted to County Supervisor of the Home and Farm Administration of Marlboro County.

Bob and his family will live at Bennettsville.

We must keep reminding you that you should get the new addresses or change of address of the boys in the service to use as soon as possible after you receive them. This mail means a lot to them and at "mail call" when everyone else gets mail and your boy doesn't get anything is a really dismal time, they say. So, let's see that our boys get every bit of mail we can send them.

On Feb. 8, Amos Glass, Fred Hyatt, C. M. Robertson and Joe Maloney of the Hartness Bottling Works, were guests of Mr. Hartness, on a weekend trip to Daytona Beach, Florida, to see the this trip very much. They saw stock car races. The boys enjoyed hot rod races and stock car races. The stock car race was won by Marshall Teague in a 1952 Hudson.

We read a booklet that Robert Jett sent to his Aunt Willie. It was in the form of a letter home telling about Cherry Point Marine Base. We enjoyed it very much the post. Men at the Cherry Point is such an immense base. The booklet described the post buildings and the activities of a day on the post. Men at the Cerry Point Marine Corps Air Station have every opportunity for further education either in some mechanical skill or even in higher formal education leading to high school and even college degrees. By the time a boy has been in the service for a time it seems he will realize just how much he needs more education and possibly this opportunity can be the turning point in his whole life pattern.

THINGS UNSEEN

Do you believe only in the things you can see?

It is the thing not seen that is the most important — a house is a thing seen, but a home is a thing unseen; a brain can be seen, but a mind is unseen; you can see a mother's face, but not the love behind it; you can see a word, but not an idea; a church, but not God; flags, but not patriotism. And so on down the line of things that are real and those that are fanciful.

Some of us are sometimes inclined to go in only for the tangible goods of this life, such as food, clothes and money. But behind every tangible object we should look for the intangible, which is more solid and essential. We need not beautiful objects but a mind that can see beauty anywhere; not good luck charms, but courage; not money but an abundance of things spiritual.

If we are unhappy; perhaps it is because we're hungry — not for the material food we eat but because we don't draw from the boundless supplies of the Infinite. Love, joy, peace, mirth and all the good vital forces are about us just as the atmosphere, but because we are sometimes a little stupid and vain we only believe in what we can actually see.

The poorest man, the humblest soul can be happy if he but opens and revels in the infinite storehouse of unseen treasures that are his.

—Mutual Moments.
