

# THE PACOLET NEIGH

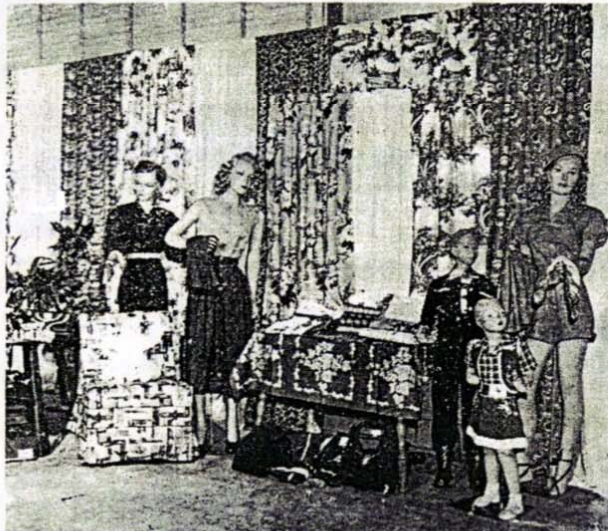

VOLUME FOUR

PACOLET MILL, S. C., MARCH, 1953

NUMBER TWELVE

## General Sales Meeting Brings Many To Pacolet

Some of the materials and garments made from Pacolet Mills cloth, shown at the General Sales Meeting. Wearing apparel was modeled by local people.

Early in February Pacolet Mills was host to a General Sales meeting of the Cotton Carded Division of Deering Milliken and Company. In addition to the salesmen, a large number of company and member mill officials were present.

In connection with the meeting our salesmen obtained finished products of Pacolet cloth from manufacturers all over the country and sent them to us for display. A highlight of the program was the modeling of some of the clothes by our local people. This part of the program created quite a stir and we were unable to determine if they were impressed with the beauty of the fabrics or the young ladies that wore them.

The display was left at the Girls Club in order that all our people might have an opportunity to see the large variety of uses for our cloth. It is the first time that such a collection has been accumu-

lated. The display items consisted of work clothes, print dresses, embossed fabrics, plastic coated fabrics, drapery fabrics, slip cover material, play clothes and many others including industrial uses of cloth. It was estimated that several hundred different uses of our cloth were demonstrated. All that viewed this display realized that our cloth ends up in things of beauty and that it is necessary for us to produce a high quality fabric to make this possible.

Following the Pacolet meeting David Walker was invited to New York by Mr. Milliken to give the same talk to the sales force of the woolen and worsted department.

Mrs. Walker accompanied her husband and they took advantage of this business trip to do some sight seeing in "Big Town".

## Our Young Folks In Business College

The Pacolet Neigh, Pacolet Mills, S. C.: I have been interested in reading the publication, "The Pacolet Neigh." I thought you might like to have news about students who attend Cecil's from Pacolet Mills. At the present time I would like to report to you that Miss Georgia Lynn Kirby, a night student here since Jan. 5, has already successfully passed an 80 w. p. m. official Gregg Shorthand test and transcribed it with a minimum of errors. We consider this a very fine record for the short period of time she has been here.

Other students from Pacolet Mills now in attendance at Cecil's and making a good record are: Orgerie Easler, Patsy Jo Allen, Hazel Grant, Mrs. Evelyn Foster, Mrs. Foye Baker, a very fine student here until this week, has left school to go into the florist business in Startex.

Sincerely,  
WAYNE L. HUFF,  
Manager.

## March Of Dimes Was Success Here

A campaign to collect money in behalf of research and treatment of polio victims has come to be an annual event in the life of our nation. There are several phases to this effort; there are the "March of Dime" cards circulated by our children; receptacles in places of business; and the "March of Mothers."

In each of these phases the people of Pacolet Mills have responded magnificently as they habitually do to a worthy cause.

Two hundred one dollars, sixty-nine cents were realized from the March of Mothers. Not only the result in money, but also the attitude of each contact mother was most gratifying. In every case this task was accepted graciously and cheerfully. These mothers reported a similar attitude shown by the people in the homes.

We look forward to the time when such an effort will be unnecessary and sincerely hope that none of the money collected will be returned to our community.

The following assisted in the March of Mothers effort: Mesdames Mary A. McSwain, Louise Lee, Margaret Mason, Ruby White, Tessie R. Smith, Nell Pace, Myra McMackin, Eddie Parker, Viola Banks, Helen Morgan, Mary R. Hodge, Sara Walker, Frances Ritchie, Dorothy Goforth, Ruby Goforth, Merle Jones, Oakie Mabry, Lorena Valentine, Anne Arnold, Mildred Mathis.

A great big THANK YOU to everyone who contributed to this endeavor.

Mrs. C. T. Holland, Chairman,  
March of Mothers.

## CELEBRATES BIRTHDAY

Mrs. Minerva Martin has just celebrated her 67th birthday, and spent a week recently with her son, Ed, of Union.

Born to Mr. and Mrs. William (Deckie) Harvey on Feb. 1, a son. This makes two boys and a girl for Virginia and Deckie.

## Pacolet High School Notes

### ANNUAL CARRIED TO PRESS

Roy Mathis, the editor of the annual staff has announced many new features have been added to this year's annual, and that a "dummy" of the annual has been carried to the Key's Printing Co. in Greenville.

The printer told Roy the annual looked better than ever, and that a rough copy will be sent to be proof read and O.K'd.

A few more features that have been added are more pages, different attractions, and a new design for the cover.

If anyone who is not connected with the school wishes to buy an annual he may have one by getting in touch with Roy, Mary Ann Wells, or Jeannie Epting.

The price is \$3.50 each. Roy says the annuals will probably be back in April.

### PACOLET HIGH PLAY WELL RECEIVED

Everyone agreed on one thing around the community recently. That of the success of the senior play. The promises that the play was to be a side-splitting comedy were well justified. The play was, "Mother Only Knows."

The seniors are glad to say they made \$231. And we can only say, "well done, seniors, a good job!" Miss Hazel Henrickson directed the play.

NANCY BROWN  
Nancy Brown, winner of the D.A.R. award from Spartanburg County came up with third place honors in the finals. We should certainly commend her for this.

## Notice

Effective March 1, 1953, The Mill Whistle will be discontinued. In case of fire, the Fire Whistle will be blown. But in order to keep the Fire Whistle in working order, it will be blown every Saturday at 3 p.m.

We have found that in operating these whistles the Mill Whistle has had a tendency to disturb people who are trying to sleep in the day time.

PACOLET MANUFACTURING COMPANY  
C. T. Holland, Supt.

## Mrs. S. S. Harrold A Beloved Woman

MRS. S. S. HARROLD

Mrs. Georgia Harrold who passed away on January 26 after a long useful life, left hundreds of friends to mourn her passing.

Mrs. Harrold was like Dorcas in the Bible — she was so very necessary in the life of our community in the days when we needed help so badly.

Many mornings the children would awaken to find their mother gone — gone to help with sickness in some household. She was always ready to answer a call to help in sickness and had so much good humor and common sense that it was always a pleasure to go into a home and find Mrs. Harrold already there and doing the things that needed to be done.

The Harrolds had eight children, and in good times and bad those children were gotten ready and sent to church and Sunday School, and, like the Matriarch of old she ruled the family with a firm and wise hand.

Mrs. Harrold had a keen sense of humor and it was always a pleasure just to go and visit with her for awhile. She was always eager to find better ways of care for the children and improve the living standards of the family, and was one of the older ones we always counted on for every worthwhile venture we undertook.

The Harrolds have lived at Pacolet Mills for 42 years. The children spent their young years here, always active in community life.

There are 24 grandchildren and 32 great grandchildren, who will go on to be a living testimony to the goodness of this woman's life.

## NOTICE TO ALL EMPLOYEES

Henceforth no solicitations of any kind will be tolerated or permitted on Company time in the Mill, except for the local Community Chest and Flower Funds. PACOLET MANUFACTURING COMPANY.

February 12, 1953.

Due to the great number of requests for soliciting funds in the mill, it was necessary to post the above notice, which will be strictly enforced.

Come now, and let us reason together, saith the Lord: though your sins be as scarlet, they shall be as white as snow; though they be red like crimson, they shall be as wool.—(Isaiah I, 18.)

The Divine blessing of forgiveness—being forgiven of our sins once, and yet again and again—is wondrously available to each and all of us, if we but seek it with humility and sincerity, and in faith. It is the miracle on Earth that a man can change wholly and lastingly from sinfulness into goodness and, in the Lord, make his life a happy and useful one.

## WEDDING

Devey Pressley and Roselle Suttles were married in February.

WAYNE REYNOLDS

Nine year old son of Mr. and Mrs. Nathan Reynolds. Mr. Reynolds works in Card No. 3 and Mrs. Reynolds in Weave No. 3.

# Our Men In Service

PFC. PRESTON GOFORTH

Standing on the right is Pfc. Preston Goforth. Picture was taken at a rest camp 100 miles back of the enemy lines in Korea. When Preston sent this picture he was back at the front again. He is the son of Mr. and Mrs. Clyde Goforth and worked at Spin, No. 3 until he went into the service.

S/R HARRY D. WHITE

Stationed at Preble Field, California. Harry Dean is the son of Mr. and Mrs. Roy White.

Bobby Hart received an envelope without a letter and that made him so peeved he wrote right in to say he wanted his letter, and he got it by return mail. Bobby is doing clerical work at the Post Stockade at Camp Stewart. Says the work is interesting. Shows how the Commercial Course in High School is paying off.

A nice letter from Johnny Ray Sheppard. He is on the U. S. S. Grainger and was in M'way when he wrote. Johnny Ray says the news letter and Neigh means more to the boys than we will ever know and that it is wonderful to know that the folks at home are thinking of the boys in service.

A/3 Roy Wells is still at Lake Charles, La. He has had the last Neigh, and says how happy he is about the new car for Miss Fuller. He wishes he could have been here to help with it. He says he is slated for French Morocco about the last of June. Roy must be in training for some special work. We are sure he will be home before leaving the country though.

Jackie Howell and Dennis Wells have joined the Air Force and are at Lackland A.F.B. We don't have their addresses yet.

Shelby (Tub) Kirby is home on 30-day leave and was at church on the 15th. This is one person's opinion, but we think Tub is about the best looking Kirby we have seen.

Cpl. James Holmes was home from Lackland A.F.B. and was at

church with his fiancee and, we're sorry we didn't get her name. A lovely young lady, however, and James looks fine.

A/2c Robert Phillips is home on emergency leave from his station in Germany. Both Mr. and Mrs. Bill Phillips are very ill.

A/3c John E. Fisher has completed his basic training at Lackland A.F.B. and has been transferred to Municipal Airport at Memphis, Tenn. Full address is: A/3c. A.F.S.N. 14486901, 43rd Supply Sqdn., Municipal Airport, Memphis 2, Tenn. He would like to get some mail from his friends here. John is the son of Mr. and Mrs. Austin Fisher.

Jack Howell is in the Air Force and getting his basic at Lackland S.F.B. Address: A.F. 25146584-Flt. 97, Sqdn. 3705, Lackland A.F. B., San Antonio, Texas. We have a number of men at Lackland and hope they will look Jack up for these first weeks away from home can be very lonely.

Sgt. Lester Martin is in Japan. We have not had his address for some time but it has been turned in again, so Lester can begin to receive the home news again.

There are other boys who have changed addresses recently or gone into the service that we can't send the Neigh and Newsletter to because no one has given us their address. Nothing means as much to these boys away from home as getting the home news, so why not make an effort to see that we have each change of address for our files and your boy won't be neglected.

Here are some of the boys we have lost: contact with Jackie E. Banks, Harold T. Knighton, James W. Gowens, Eugene Graham, Billy Genoble, Pfc. Homer Messer, Sgt. J. H. Martin, Cpl. James A. Padgett Jr., Sgt. James C. Parker, Sgt. Jesse Pace, Armel B. Revels, Thomas W. Seales, Pvt. Lyman Sprouse, William Winstead, and William A. Wilkins.

Some of these boys may be out of the service but we would like to know about them anyway.

Cotton Whitlock is getting his discharge and expects to be home by the first of March. He will help Mr. Carl in the store, and they need his help very much.

Eugene Lemmonds has just notified his folks that he was again named the Soldier of The Week, and he also sprang a great surprise by dropping in home without notice. Eugene has been in Germany three years.

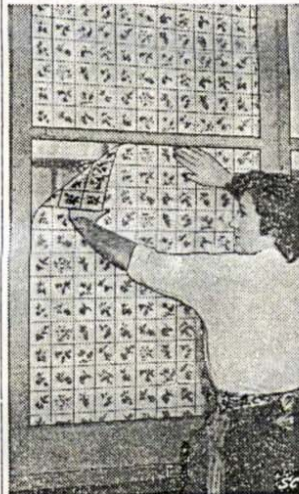

Billy Bryant has returned after spending 15 months in Korea.

## Parties

Wednesday afternoon, Jan. 21, Ray Parker celebrated his 7th birthday with a party at the Girls Club. About 30 of Ray's friends came to share in the fun with him and enjoyed ice cream, candy and birthday cake served by his mother, assisted by Mrs. Lewis Valentine and Mrs. Eddie Wells. Ray is the son of Mr. and Mrs. Otha Parker and is a student in the first grade at Pacolet Mills Grammar School.

Saturday afternoon, Feb. 7, Bobby Wilkins, son of Mr. and Mrs. Edward (Spide) Wilkins, celebrated his birthday with a party at the Girls Club. About 15 of Bobby's friends came in to enjoy a good time together. After several games in which all the children took part, refreshments of ice cream, birthday cake and Valentine candy was served by Bobby's mother, assisted by his aunt,

## Privacy With Beauty For Windows

Jean Roehl applies an improved window covering to provide privacy and beauty while at the same time allowing light to penetrate into the room. Called Vitroplane, the plastic coated window decoration is especially useful for pantry windows, basement windows, transoms and garage windows where it obscures the view of "outsiders" and eliminates troublesome washings.

Clear bathroom windows in particular can be made private and be beautified. Many homemakers are using Vitroplane to cover glass doors of utility and china cabinets and bookcases. The product is available in various distinctive frosted glass designs, stained glass effects and cheerful decorative designs in color. Easily applied with the use of water only, the smooth surface of the window covering is durable and dirt resistant. It is easily cleaned in seconds with the use of a damp cloth. Vitroplane is available at all variety stores and can be obtained by the yard.

## BIRTHDAY DINNER

On January 25th the children of Mrs. John Petty honored her with a birthday dinner at her home beyond Pacolet.

Nine children were present, 22 grandchildren and eight great-grandchildren. In one group was represented four generations, Mrs. Petty, Mrs. Emma Coleman, Mrs. Elizabeth Bryant, and Sara Emma Bryant.

Mrs. Petty is one of the great ladies of our community. She has raised a fine family of children and is still very active in her home and community.

## BIRTHDAY PARTY

Joe Dawson celebrated his 6th birthday with a party at the home of his grandparents, Mr. and Mrs. Troy Sprouse. Sylvia Sprouse had charge of the games after which refreshments were served to the 23 guests present.

## PROMOTED

George Rogers, husband of Reba, who is an employee of the third shift spinning, Mill No. 5, has been made assistant manager of the Spartanburg branch of the Electrolux Company.

Amos Glass, Welton Wells, Boots Cook and James Sweat took a fishing trip the weekend of the 15th to Santee Cooper. They had a fine time but the fish didn't cooperate, which is unusual when Amos goes along, for they really love to get taken on his hook.

Mrs. Homer Brown of Gaffney, and Mrs. Eddie Wells. This was Bobby's 9th birthday and he is a student in the third grade at Pacolet.

## THERE ARE JOBS

The visitor leaned forward and spoke mournfully: "I don't know what to do. There just aren't any jobs."

The business man leaned back in his chair and laughed softly: "You say there are no jobs. This week I have been offered two different jobs. There are plenty of jobs waiting for the right men to fill them. I could use at least four more men in my business if I could find the right ones."

The business man paused, and looked sternly at his visitor. "The trouble with you," he continued, "is that you haven't anything to sell. There is nothing that you can do better than anyone else. You are just another person looking for a job, and yet you haven't even any of the common training that enables a man or a woman to get a toe-hold in a business and show what they have."

"You do not know how to sell — yet there are always more good sales positions open than there are men to fill them. You don't know shorthand and typewriting yet there are always good jobs waiting competent secretaries and clerical assistants. You don't know bookkeeping, yet there is always a need for good bookkeepers in many lines of business. There are only three general divisions of business — production, sales and accounting — and yet you have not mastered the first step in any of these divisions. Is it strange no one wants you?"

"You tell me you are not interested in these types of positions. You have great schemes and you want someone to recognize your ability and give you a chance to carry them out. If you do, then prove with a minor position that you are capable of filling a bigger position. Then jobs will seek you."

—Contact

## WHERE HAPPINESS IS FOUND

Jean Francois Millet, the famous painter, once said that beauty lies in the harmony between man and his industry. It is here, also, that happiness lies!

Petty disagreements, jealousy, gossip, prejudice, fear — these things are the destroyers of harmony. They are mental poisons which kill creative thinking, personal efficiency, and productivity.

It is when we are in harmony with our fellow workers, when our vibrations are attuned to theirs and we joyously work toward a common goal, that we know the glow of happiness. An office or plant maybe made a place where friendships last and where men even feel an affection for the desks and walls. There is pride in the work that is done in these organizations. There are standards to be maintained, codes to be followed, reputations to be built. A spirit of comradeship exists which makes one glad to get down to the job in the morning and reluctant to leave at night.

How to create such a spirit? It is a matter of selecting men whose mental chemicals mix. Men, who like the musicians in a great orchestra, will harmonize their efforts to produce a beautiful symphony of business.

—The Silver Lining.

## AN OLD PROPHECY

From a tombstone in Essex, England, 500 years old is taken the following remarkable prediction:

*"When pictures look alive with movements free,  
When ships like fishes swim below the sea,  
When men autstripping birds can scan the sky,  
Then half the world sore drenched in blood shall lie."*

To keep young, every day read a poem, hear a choice piece of music, view a fine painting, and, if possible, do a good action. Man's highest merit always is, as much as possible, to rule external circumstances, and as little as possible to let himself be ruled by them.

—Goethe.

Nearly half of the fatal home accidents during 1951 occurred either in bedrooms or stairways. Give thought to any hazards which exist in your home—keep stairways clean.

**DAVID AND INEZ MINTON'S NEW HOME**

David and Inez Minton and small daughter, Patsy Lynn, who is four years old, have a new home with ten acres of land just off the Jonesville Highway. They have four rooms and bath with oil heating, and of course, hardwood polished floors. They have a very handy little home with an efficient kitchen with porcelain cabinets, electric stove and heater and a new refrigerator with a fifty pound freezer compartment. David sells reconditioned automobile parts during his off time and is building an automobile for Inez from his own stock. Both Inez and David work at Spin No. 3.

**DEBBIE ESTES**

Four months old daughter of Mr. and Mrs. Walter Estes. Mrs. Estes worked at Weave No. 5 until her leave of absence.

**JANICE AND JOYCE**  
Year old twin daughters of Mr. and Mrs. Reubin Bryant.

With only seven per cent of the world's population, the United States turns out half of the world's industrial products, because we have the most tools and the most efficient business organizations.

**The Inauguration Seen By Students**

The Presidential Inauguration, a very historical event, was seen on television by the students of both Pacolet and Pacolet Mills Schools.

Televisions were loaned to the schools by Arthur Stores; Robynette Hardware, and Western Auto Stores.

The schools wish to thank all the firms who participated in making this possible.

**SCHOOLS GIVE \$393.83 TO MARCH OF DIMES**

Pacolet Mills Elementary School topped the list with a contribution of \$233.87 to the March of Dimes drive. Pacolet High School gave \$67.88, and Pacolet Elementary School contributed \$44.10, bringing the grand total of all schools to \$393.63.

Mr. Jack Joyce, member of the Junior Chamber of Commerce of Spartanburg, and himself a victim of polio, spoke to the student body of the High School. He stressed the fact that our donations are being used in our own county for cases with whom we are familiar.

**TROWELL - PARKER NAMED BOY AND GIRL OF MONTH**

The student body has once again chosen a boy and girl of the month. John Trowell and Phyllis Parker share this honor.

John Trowell, a senior, is frequently seen in all phases of student activities. He is Vice President of the Student Council, member of Beta Club, Block P Club, Tomahawk Staff, and a student bus driver. After graduation he plans to enter Clemson College.

John is the son of Mr. and Mrs. T. J. Trowell of Pacolet Mills.

Phyllis is a deserving freshman who is President of her Home Room Class. She is also a member of the Telepac Staff, Student Council, and the Basketball Squad.

Phyllis is the attractive daughter of Mr. and Mrs. Alfred Parker of the Goucher community.

The Young Peoples Class No. 2 of the Baptist Church treated themselves to a fine supper at the Church on the 15th of February, and there were 15 members present. They enjoyed an old fashioned sing after the supper.

**Thanks For The Car**

BY MISS BELLE FULLER  
I was never much for personal appearances, but since no one has written the story of that wonderful day, January 25, 1953, for our paper I have decided that even though I was the honor guest, the story must be written.

I have helped on many occasions to honor some one in our community, but didn't ever expect to be on the receiving end at such an occasion.

Every one asks if I really didn't know about the surprise. Well, I really didn't, and I will never know how 1500 people whom I mingle with from day to day ever kept such a secret.

On the weekend of the celebration my brother and his family came from Murphy, North Carolina for the weekend. I told them it didn't suit at all for them to come that weekend, that they should have waited until I quit work when I could spend some time with them, and besides, I was just tired out. They took it all very mildly, saying they thought I had Saturday afternoon off, and I replied that I didn't have any afternoon off any time. So you can understand the state of mind I was in.

On Sunday afternoon, since I had told my brother one of his classmates, Mr. Henry Mullins, was head of the recheck department here and had said that he would like to see him, he said, we would drive over to see Mr. Mullins.

When we started out Willie said he had to see Jimmy Hodge, so would look him up. They went into the back road and I said, "Where is Jimmy, at his mother's?" Peg said she thought he was at Butch Trent's. I remember thinking it was right silly to take the back road anyway, but I said nothing for I was not conducting the excursion.

The very first time I knew of a thing out of the ordinary was when Mr. Trowel came up to the car and asked us to get out. Then I saw Mr. Stone coming across the yard and they led me to the band stand platform.

I was in right much of a daze when I looked out and saw my friends lined up across the way, and other friends took their place on the platform. Mr. Stone stepped up in front of the loud speaker and I wasn't really taking in much of the proceedings until I heard him say, "Car". I looked around at Peg sort of vacant-eyed and she motioned down to the front of the grandstand. I took a peek and looked back and shook my head. No. Peg said yes. I looked again and still said, "Oh, No!" She still nodded and I took a third look and again couldn't believe it. All the time Mr. Stone was speaking but I wasn't taking in a word. Finally they got me up to speak and I have no idea now what I said. I only knew that out there were many of my dear friends and that they had done an unbelievably kind thing to show their friendship and love for me, and that nothing I had been able to do for them during my years here could compare with this wonderful expression of that care.

Then they led me down to the car, and it is really the most beautiful car I have ever seen. I still can't believe that it is mine and it represents so much more than just a car. Whenever I step into it I have that warm feeling of the friendship that prompted it.

I was told that only Pacolet and the workers were allowed to have a part in the gift, and I am sure

**Brown Chapel Baptist Church**

The W. M. U. sponsored poundings for two families recently. The newly organized circles were successful in their first meetings which were held with Mrs. Vera Brown and Miss Hattie Nicholson, with 17 present. They will be called the Alice Wells and Pearl Whiting Circles.

The Adult Class of the B. T. U. held a dinner at the fish camp at Silica Springs with 27 present. Mrs. Ruth Mabry had charge of arrangements.

Peggy Wells and the Junior Sunday School Class with Oras Brown's Junior Union Class held a joint weiner roast at the old spring recently. Twenty-two were present.

With an increase in membership a Department Junior Training Union has been organized. This Union has its own assembly. The following officers have been installed: Connie Mabry, Junior Union Director; Peggy Sullivan, Secretary; Myra Peterson, Pianist; Chorister, Jack Fleming. This election brought about other changes. Buddy Lewis Pierce is General Secretary. Junior Leader of Unit 2 is Oras Brown. Paul Freeman was appointed Associate Director. The church reelected Jessie Paige as Executive Director, and J. C. Cochran is President of the Adult Union. Leaders and Counselors are Robert Ingle, Jack Fleming, Olin Smith, Andrew Petty, Joe Fleming, Mary Trammell and Rev. Clyde Peterson.

March is enlargement month, and with 123 members in Training Union our goal is 50 new members. We are also preparing for study courses for each Union, morning and night classes. Each Sunday before Enlargement Week, a representative from each Union will speak before the Sunday School. Plans are also under way for Youth Week in April.

We urge you to come to Training Union and bring the family. Adults should not point — but lead the way.

**CLYDE PETERSON, Pastor.**

**MY SON**

Contributed by Mrs. Mary Garner  
Early in the morning  
Down the Texas way  
Someone goes about his work  
Eager for another day.

Let him use his hands and head  
Like all great men have done,  
Give him lots of work to do  
And living will be fun.

that it is true for Leo Kirby told me they wanted to have a part in it and gave me my first tank of gas. Mr. B. S. Thomas paid for gas at Leo's as did Mr. Blanton.

I think that everyone is quite as happy with the new car as I am, and the red body and cream top will make a gay sight as I come and go among you.

After the ceremony at the square we were invited to a tea at the home of Mr. and Mrs. William Altman at Ben Avon, and many of our people and my Spartanburg friends were gathered there to also help celebrate my retirement. Following the tea we were invited to the home of Mr. and Mrs. Jim Rogers in Duncan Park for another party.

All in all it was a wonderful evening, and after it was over I thought again of the friends of these years and made a new resolution to try to always be worthy of that friendship.

All this is just a preliminary to saying THANKS again and again for your lovely gift and the friendship that prompted it.

**SLEEPYHEAD!**

This pretty sleepyhead wears a prizewinning pajama-robe set made from cotton seed and flour bags. Her attractive ensemble was one of the outfits made by members of the 4-H Club in Bracken County, Kentucky, who won first place in their state in a cotton bag sewing contest sponsored by Singer Sewing Machine Company and the Textile Bag Manufacturers Association. The girls won a cabinet sewing machine for their skill in making cotton bag fashions.

**Thanks**

Mrs. Blanche Arnold wants to say thanks to her many friends for their kindness during the long illness of Claude. Mr. Arnold is still very ill but at this writing he is at home. Blanche says they have had so many cards, flowers and other expressions of friendship, and among these was a most bountiful pounding given them by the Missionary Society at Brown's Chapel.

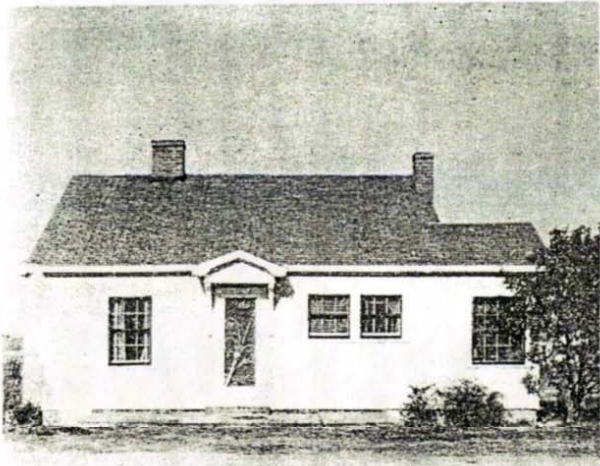

The family of Mr. and Mrs. Bill Phillips wants to thank the folks of the community for their many acts of kindness during the illness of both Mr. and Mrs. Phillips. The Missionary Society of Brown's Chapel also gave this family a fine pounding, and with so much expense for the family we are sure this material token of friendship is greatly appreciated.

Mrs. Ruth Sullivan wants to say THANK YOU for all the kindnesses shown her during here recent illness.

The family of Mrs. Georgia Anne (Granny) Harrod would like to say thank you for the many acts of kindness, and deeds of service shown us during our recent bereavement. Also the very lovely floral offerings and cards. They were deeply appreciated.

The Young Peoples Class of the Methodist Church had supper at Welcome Grill in Union on the 14th. They report wonderful food and under the leadership of Hazel Gallman they had an evening of skits and fun that will make a happy memory for some time to come.

Mrs. Mattie Mae Oneil has returned from the General Hospital after undergoing surgery.

Home of Mrs. Rosanna Huskey and Mr. and Mrs. Charles Goforth

Next door to Frank Bryants, really in the same front yard, is the home of Mrs. Rosanna Huskey and Mr. and Mrs. Charles Goforth and their two lovely children. They built their home and have improved it from time to time and now they have a most comfortable little home that is really much roomier than it appears at first glance. The livingroom and dining kitchen are across the front and we liked that idea of working in the kitchen and being able to look toward the front and see the world go by. They have two bedrooms and tiled bath on the first floor and an enclosed side porch that they use for a dining room during the summer. The rooms are all papered and are heated by oil. Stairs lead up from the back bedroom to a recently finished attic which is large enough for two large bedrooms, and is used for sleeping room for part of the family and a playroom for the children. Rosanna's hobby is roses and she raises some beauties. Charles, Dorothy and Rosanna all work and their shifts are arranged so that one of them is always at home with the children. Rusty has just started to school but his homework shows much progress already.

NEW HOME OF MR. AND MRS. BRADY ARNOLD

We visited the new home of Mr. and Mrs. Brady Arnold on the 15th, and they have a really beautiful home of five rooms and bath with plenty of closets. Across the front is the living room-dining room, connected by large arch and kitchen. They have central heating installed in the hall from which opens all rooms. They have two large sunny bedrooms and a most beautiful bathroom with orchid tile walls and shower attachment. All of the rooms have hardware floors and all are bright and sunny. They have two entrances to the living room, one at the front and one at the end. They have a nice screened back porch and the kitchen is beautifully equipped with cabinets, porcelain sink and electric stove and water heater. Brady has an acre of land and has a thriving strawberry patch, and Mrs. Arnold and Mrs. Sam Arnold say they are going to take the very best spot for a vegetable garden. We are very happy that the Arnolds have this lovely home.

**DR. CLYBURN MOVES TO SPARTANBURG; HERE ONE DAY WEEK**

Dr. W. R. Clyburn, who has been at Pacolet for the past seven years, will continue to be in his office here from 9:00 a.m. until 5:00 p.m. on Wednesdays only. He will be glad to see any of his old friends and patients in Spartanburg at 504 Andrews Building on Mondays,

Tuesdays, Thursdays and Fridays from 9:00 to 5:00 and on Saturdays from 9 a.m. to 1:00 p.m. The telephone number there is 7762. There is plenty of parking space behind the Andrews Building. We were very sorry to see Dr. Clyburn leave Pacolet but he had a wonderful opportunity and we are glad to could take advantage of it. We are pleased that he can continue to come to Pacolet one day a week.

**Montgomery Memorial Methodist Church**

With two months of the New Year gone we are able to see that the work of our Church has gotten off to a very good start as we judge by the splendid progress recently made. It gives us a deep feeling of satisfaction to know that we are going forward.

Sunday January 25th was observed in our Church as Commitment Day when the Pastor delivered a message on the subject "Men and Women of Distinction" in which he deplored the fact that American homes, schools and churches are being blindly deceived by a wave of propaganda to lead our citizens to believe that drinking is the accepted and proper thing to do to get along in the world. He stated that men and women of real distinction are those who have the courage not to drink when others do. There were 167 persons who signed cards committing themselves not only to abstain from intoxicating beverages but to fight the evil in any form. As a course of action the Ladies Bible Class sent a letter and petition to the President of United States in which they registered their protest to the custom of serving whiskey at official meetings in the Capitol of our nation.

Annual Boy Scout Day was observed by the Church on Sunday, Feb. 8, with the members of the local troop and their leaders sitting together at the morning service and some of the boys taking part in the service. It was an inspiration to those present to have the fine group of boys sit in a group at worship. The Boy Scout Troop sponsored by our Church and under the leadership of Buddy Foster, Jim Kimery and John Loving, has made splendid progress during the past several months and has become one of the best troops in the Palmetto Council. The Church has provided the Boy Scouts with a heated and furnished room along with some camping equipment.

On Sunday night, Feb. 15, we had the pleasure of having the members of the Pacolet Ruritan Club, the Pacolet Boy Scout Troop and the local Boy Scout Troop as our guests for the service. All the guests sat in a group and it was a joy to have them visit us.

Our quarterly Conference was held on Wednesday night, Feb. 18, with the Rev. S. D. Newell, Superintendent of the Spartanburg District, presiding. Reports of the work of the Church were given and it was very clear by the reports that our people are proving faithful and loyal to the work of promoting the cause of righteousness in our community. The Conference, on nomination of the nominating committee, elected C. A. Cato and James Kimery as new Stewards. Mrs. C. E. Kirby was elected as a new member of the Commission on Membership and Evangelism. Mr. Oren Robinette was elected Church Treasurer; Mrs. James A. Mathis was elected as a delegate to the District Conference which meets in Union, S. C., April 30. As an expression of appreciation on the part of the Church for long years of service rendered to the Church three men were elected by the Conference as Honorary Stewards. They were: W. W. Goudelock, Ben F. Holmes, and C. F. Whitlock.

It is our sincere and prayerful hope that the many people who have been and who are sick will soon be improved sufficiently to return to their respective churches. When these people or any others who may be absent from the services of their Church they miss the Church and the Church misses them. Church attendance is more than a habit or duty; it is a privilege to support the very institutions in which lies the hope

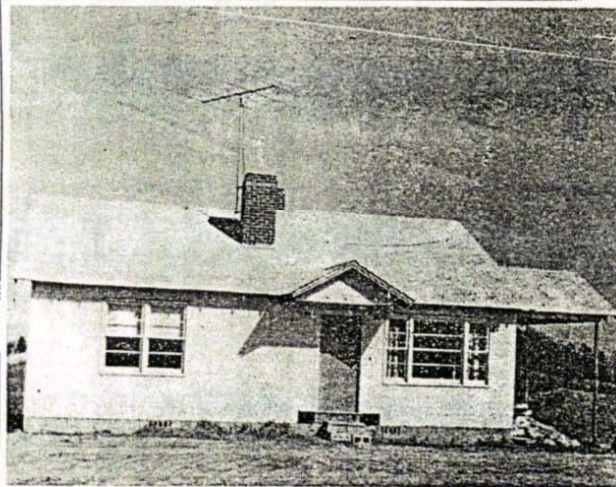

of our world.

With the very meaningful Easter Season right near us let us give some serious thought to the spirit that should prevail at this holy season. Really without an Easter and its value to the world we would have no hope in this world of much suffering and where death takes us out into the very presence of God to be judged as to what we have really lived for.

Make it your Easter prayer and pledge to be more loyal to your respective Church which is working for the better welfare of every citizen.

A Church-going person is certainly a more happy, prosperous and useful person. Take your family to Church next Sunday and see what a difference it makes in the following week.

J. T. GREGORY, Pastor.

THE RAY PETTYS NEW HOME

Mr. and Mrs. Ray Petty have moved into their new home, so we called on them too. These young people have a lovely home but say they will probably be adding improvements for years to come. Ray is digging a basement now and Vera is planning just how the porches are to be furnished and screened. They have four rooms and bath and have central oil heating. The floors are polished hardwood and the livingroom and dining room and kitchen area are connected by a large arch. We were especially pleased with the color scheme in these rooms. The living room walls are a soft gray and the kitchen they called sunbeam yellow, the loveliest shade of yellow we have ever seen. One bedroom has deep rose walls and the other hasn't been decorated yet. They still have much to do in the house and yard, but being in the house they can make every spare moment count. They have an acre of land and always a garden, and Vera cans and puts up fruit and vegetables for the winter. They have a lovely little daughter, Elizabeth Anne, who is four years old and who is the big factor in making the house a home. One interesting feature in the living room is a granite fireplace with book shelves at the side. Being a Petty, we would expect Ray to have some stone work in his home. Both Vera and Ray work at Mill No. 5.

THE GUYNELLE AND FRANK BRYANT HOME

We visited Frank and Guynelle Bryant on the Pacolet Road. We have been planning to do this for some time, and since last year when they installed an 18 foot deep freezer. Guynell and I conferred on the things we put in our deep freezers. The Bryants have a lovely comfortable home that they are constantly remodeling and improving. They have seven rooms, five down stairs and two bedrooms in the half story above. The livingroom and diningroom are at the front, connected by a large arch that makes for a roomy open space. They have a den, bedroom and modern kitchen on the ground floor and an enclosed long back porch. A white tiled bathroom is one of the attractive features of this home. The Bryants always have a garden and still have fruit and vegetables in the freezer from last year's crop. There are three children. Betty is at home, one son is married and lives in Greenville, and Terry is a student at Clemson College. This is one of the friendliest and nicest families we have seen and we expect to go back from time to time to see what project they are working on, for they are constantly thinking of something to make the home more comfortable or to make living happier. Frank, Guynell and Betty all work at No. 5.
