General Sales Meeting Brings Many To Pacolet

Our Young Folks In Business College

Pacolet, S. C.

I have been interested in reading the publication, "The Pacolet Neigh," thought you might like to have news about students who attend Cecil's from Pocolet Mills. I sent this notice to report to you that Miss Georgia Lynn King, a sight student here since January, has already fully passed an 80 w. p. m. official Granger test and transcribed it with a minimum of errors. We consider this a very fine record for the short period of time she has been here.

Other students from Pocolet Mills in attendance at Cecil's and making good records are: Orgelia Eason, Hazel Grant, Mrs. Evelyn Foster, and Mrs. Mary E. Johnson, a very fine student until she left this week, has left school, to go into the florist business in Spartanburg.

Sincerely,

W. A. L. HUFF
Manager.

March Of Dimes Was Success Here

A campaign was conducted in behalf of research and treatment of polio. A new theme song, "March of Dimes" was sung to this effect; there are the "March of Dimes" cards circulated by the school, and the soliciting of the funds by students in the business; and the "March of Mothers." In each of these phases the people of Pacolet Mills have responded magnificently, as they habitually do any worthy cause.

Two hundred dollars, sixty-nine cents, and thirty cents was the total for our March of Mothers. Not only was this the result in the giving, but also in the attitude of each contact mother was most gratifying. In every case we were greeted with a smile, and cheerfully. These mothers reported to the school of ways that were used by the people in the homes.

We look forward to the time when such an effort will be unnecessary and sincerely hope that none of the money collected will be returned to our community.

The following assistance in the March of Mothers effort: Mr. James, Misses Mary A. McSwain, Louise Lee, Margaret Mason, Ruby White, Glad Allen, Mrs. Nell Pate, Mrs. McCord, Edwin Parker, Viola Barksdale, Helen Morgan, Missie B. Hodge, Sara Walker, Frances Ritchie, Dorothy Eades, Ruby Godfrey, and Missie McLaughlin, by Lorena Valentine, Anne Arnold, Mildred Mathis, and Mrs. T. Valentine.

A great big THANK YOU to everyone who contributed to this endeavor.

Mrs. C. T. Holland, Chairman, March of Mothers.

Celebrates 50th Birthday

WAYNE REYNOLDS

Nine year old son of Mr. and Mrs. Nathan Reynolds. Mr. Reynolds works in Card No. 3, and Mrs. Reynolds in Weave No. 3.

Notice

Effective March 1, 1953, the Whistle will be discontinued. In case of fire, the Fire Whistle will be blown. In order to keep the Fire Whistle in working order, it will be blown every Saturday at 3 p.m. The mill manager will be the '1st' to '1st' to notify the mill that the mill whistle has had a tendency to 'stumble' people who are trying to sleep in the day time.

PACOLET MANUFACTURING COMPANY

C. T. Holland, Supt.

Notice to All Employees

Henceforth no solicitations of any kind will be tolerated or permitted on Company time in the exception of the local Community Chest and Flower Funds.

PACOLET MANUFACTURING COMPANY

Feb. 12, 1953

Due to the great number of requests for soliciting funds in the mill, it is necessary to post the above notice, which will be strictly enforced.
privacy with beauty for windows

Jean Roehl applies an improved window covering to provide privacy and beauty while at the same time allowing light to penetrate into the room. Called Vitrophane, the plastic-coated window decoration is especially useful for pantry windows, basement windows, transom and garage windows where it obscures the view of outsiders and eliminates troublesome washering. Clear bathroom windows in particular can be made private and kept beautiful. Many homeowners are using Vitrophane to cover glass doors of utility and china cabinets and bookcases. The product is available in various distinctive frosted glass designs, stained glass effects and hand decorated designs in color. Easily applied with the use of water, the smooth surfaced of the covering is durable and dirt resistant. It is easily released in seconds with the use of a damp cloth. Vitrophane is available at all variety stores and can be obtained by the yard.

bIRTHDAY DINNER

On January 25th the children of Mr. and Mrs. Peter B. Brown held a birthday dinner at her home between 6 and 8 p.m.

Nine children were present, 22 grandchildren and eight great grandchildren representing four generations, Mrs. Betty, Mrs. Emma Coleman, Elizabeth Davis, Sara Emma Bryant. Mrs. Brown is one of the great ladies of our community. She has raised a fine family of children and is very active in her home and community.

bIRTHDAY PARTY

Jee Dawson celebrated his 6th birthday at a party of the home of Mr. and Mrs. T. W. Davis. Sylvie Spero had charge of the games after which refreshments were served to the 23 guests present.

PROMOTIONS

George Rogers, husband of Reba, who is an employee of the third shift spinning. Mill No. 5, has been promoted to the Spartanburg branch of the Electrolux Company.

Ames Glass, Welton Wells, Boots Cook and James Swiet took a field trip and inspection of the 15th to Santae Cooper. They had a fine time at the Cooper company which is unusual when Ames goes along on his book, for they really get along on their own.

Mrs. Homer Brown of Gaffney, and Mrs. Eddie Wells. This was Bobby’s 6th birthday, and is a student in the third grade at Pacolet.

WHERE HAPPINESS IS FOUND

Jean Francois Millet, the famous painter, once said that beauty lies in the harmony between man and his industry. It is here, also, that happiness lies.

Petty disagreements, jealousy, gossip, prejudice, fear, these are the destroyers of harmony. They are mental poisons which kill creative thinking, personal efficiency, and productivity.

It is when we are in harmony with our fellow workers, when our vibrations are attuned to theirs and we joyously work toward a common goal, that we know the glow of happiness. An office or plant maybe make a place where friendships last and where men even feel an affection for the desks and walls. There is pride in the work that is done in these organizations. There are standards of excellence that are followed, reputations to be built. A spirit of comradeship exists which makes one glad to get down to the job in the morning and reluctant to leave at night.

How to create such a spirit? It is a matter of selecting men whose mental chemical mix. Men, who like the musicians in a great orchestra, will harmonize their efforts to produce a beautiful symphony of business.

AN OLD PROPHET

From a tombstone in Essex, England, 500 years old is taken the following remarkable prediction:

"When pictures look alive with movements free, When ships like fishes swim below the sea, When men outstripping birds can see the sky, Then half the world sore drenched in blood shall lie.

To keep young, every day read a poem, hear a choice piece of music, view a fine painting, and, if possible, do a good action. Man’s highest merit always is, as much as possible, to rule external circumstances, and as little as possible to let himself be ruled by them.

Goethe.

Nearly half of the fatal home accidents during 1951 occurred either in bedrooms or stairways. Give thought to any hazards which exist in your home—keep stairways clean.
The Inauguration Seen By Students

The President's Inauguration, a very historical event, went on television by the students of both Pacolet and Pacolet Mill Elementary Schools.

Television was loaned to the schools by Arthur Storey, Robertnette Hardware, and Western Auto Stores.

The schools wish to thank all the firms who participated in making this possible.

SCHOOLS GIVE $383.83 TO SEARCH OF DIMES

Pacolet Mills Elementary School topped the list with a contribution of $27.88. Pacolet Mill Elementary School contributed $44.10, bringing the total grand total of all schools $220.

Mr. Jack Joyce, member of the Junior Chamber of Commerce of Spartanburg, and himself a victim of polio, spoke to the student body of the principles of giving.

The students were also present at the Pacolet Mill Elementary School.

THROWE'LL-PARKER NAMED BOY AND GIRL OF MONTH

The student body has once again chosen a boy and girl of the month. John Throwell and Phyllis Parker share this honor.

When asked why a senior, is frequently seen in all phases of student activities. He is Vice President of the Student Council, member of Beta Club, Block P Club, and basketball team. Parker is the attractive daughter of Mr. and Mrs. Alfred Parker of the Goose Creek community.

Brown Chapel Baptist Church

The W. M. U. sponsored a social family reunion recently. The newly organized circles were successful in their first meetings with 26,000 women. Among Brown and Miss Hattie Nicholson, with 17 present. They will also feature the Above and the Whiting Circles.

The Adel of the B. T. B. held a dinner at the fish camp at Silica Springs with 27 present. They had charge of arrangements.

Peggy Wells and the Junior Sunday School Class of Over Brown's Junior Union Class held a joint welcome toast the old spring recently. Twenty-two were present.

With an increase in membership, a Department Junior Union Train has been organized. This Union has its own assembly. The following officers have been elected: President, Etta Work; Vice-President, Peggy Sullivan; Secretary, Myra Peterson; Program Director, Jack Trammell; General Secretary, Junior Leader of Unit 2 is Ora Brown. Paul White was appointed Assistant Director. The church reflected Jesus Christ as a Junior Leader and J. C. Cochran is President of the Adult Union. Leaders and Consultants are Robert Ingle, Jack Fleming, Osline Smith, Andrew Petry, Joe Brown, John Trammell, and Clyde Peterson.

March is enlargement month, and with 122 members in Trinitas, one Union our goal is 50 new members. We are also preparing for Senior College Union, morning and night classes. Each Sunday before Enlargement Day, a representative from each Union will speak before the Sunday School. We are also under way for Youth Week in April.

We urge you to come to Train in the enlarging of our family. Adults should not point but lead.

CLYDE PETERSON, Pastor.

MY SON

Contributed by Mrs. Mary Garner

Early in the year, my son, Down the Texan way

Some one gave him the work to do,

Each day he worked,

Easier for another day.

Let him use his hands and head,

Like we all have done;

Give him lots of work to do,

And living will be fun.

that it is true for Leo Kirby told me they wanted to have a part in it and gave me my first task of keeping the gas at Leo's as did Mr. Blandon.

I think that everyone is quite happy with the new car as I am, and the red body and cream top will make a gay sight as it comes and goes among you.

After the ceremony at the square and the home of Mr. and Mrs. William Altman at Ben Aron, and many of the group of friends who gathered there to help celebrate my retirement, we were invited to the home of Mr. and Mrs. Jimmie Lytle in Duncan Park for another party.

All in all it was a wonderful evening, as I never thought again of the friends and those of our friends who gathered there to help celebrate my retirement, we were invited to the home of Mr. and Mrs. Jimmie Lytle in Duncan Park for another party.

All in all it was a wonderful evening, and I never thought again of the friends and those of our friends who gathered there to help celebrate my retirement, we were invited to the home of Mr. and Mrs. Jimmie Lytle in Duncan Park for another party.

All in all it was a wonderful evening, and I never thought again of the friends and those of our friends who gathered there to help celebrate my retirement, we were invited to the home of Mr. and Mrs. Jimmie Lytle in Duncan Park for another party.

The Young Peoples Class of the Methodist Church had supper at the Welcome Grill in Union on the 14th. They reported wonderful food and under the leadership of Hattie Gallman they had an evening of fun, gags, and fun that will make a happy memory for some time to come.

Mrs. Mattie Mae Onsell has returned from the General Hospital after undergoing surgery.
Home of Mrs. Rosanna Huskey and Mr. and Mrs. Charles Goforth

Next door to Frank Bryants, really in the same front yard, is the home of Mrs. Rosanna Huskey and Mr. and Mrs. Charles Goforth. They built their home and have improved it from time to time and now they have a most comfortable little home that is really much roomier than it appears at first glance. The living room and dining kitchen are across the front, and we liked the idea of working in the kitchen and being able to look toward the front and see the world go by. They have a two-bedrooms and the bath on the first floor and an enclosed side porch that they use for a dining room during the summer. The rooms are all papered and are heated by oil. Stairs lead up from the back bedroom to a recently finished attic which is large enough for two large bedrooms, and is used for sleeping room, and a part of the family and a playroom for the children. Rosanna's hobby is flowers and she raises some vegetables. Mrs. Charles and Rosanna all work and their shifts are arranged so that one of them is always at home with the children. Rosanna has just started school but his homework shows much progress already.

Montgomery Memorial Methodist Church

With two months of The New Year gone we are able to see that the Montgomery Memorial Methodist Church has been off to a very good start as we judge by the splendid progress recently made. We feel satisfied to know that we are going forward.

Sunday January 25th was observed in our Church as Commitment Day when we are asked to decide for ourselves. Mr. and Mrs. E. W. Davis gave a message on the subject "Men and Women of Distinction" in which he declared the fact that American homes, schools and churches are being hindered by a wave of propaganda to lead our citizens to believe that drinking in the home was a necessary part of the world. It has been taught us that women of true distinction are those who have no fear of the Bible, and who punish when others do. There were 167 persons who signed cards committing themselves not to abstain from intoxicating beverages but to fight the evil in any form in our city. As a result of this the Ladies of the Bible Class sent a letter and petition to the President of United States in which they registered their protest to the custom of serving whisky at official meetings in the Capitol of our nation.

Annual Boy Scout Dinner was observed by the Church on Sunday, Feb. 8, with the members of the Church present and the ones not present getting together at the morning service and some of the boys taking part in the service. There was a appeal to those present to have the fine group of boys sit in a group at worship. The Boy Scout Troop sponsored by our Church and under the leadership of Buddy Foster, Jim Kimery and John Pogue, has made splendid progress during the past several months and has become one of the Boy Scout troops in the Palmetto Council. The Church has provided the Boy Scouts with a heated and furnished room along with some camping equipment.

The new home of Mr. and Mrs. Brady Arnold

We visited the new home of Mr. and Mrs. Brady Arnold on the 15th, and they have a really beautiful home of five rooms and bath with plenty of closets. Across the front is the living room-dining room connected by large arch and kitchen. They have central heating installed in the hall from which opens all rooms. They have a large sunny bedroom and a beautiful bathroom with orchid tiles and shaver attachment. All of the rooms have hardwood floors and all are bright and sunny. They have two entrances to the living room, one at the front and one at the end. They have a side screened back porch and the kitchen is beautifully equipped with cabinets, porcelain sink and electric stove and water heater. Brady has an acre of land and has a thriving strawberry patch, and Mr. Arnold and Mrs. Sam Arnold say they are going to take the very best spot for a vegetable garden. We are very happy that the Arnold's have this lovely home.

THE RAY PETTYS NEW HOME

Mr. and Mrs. Ray Petty have moved into their new home, so we called on them too. These young people have a lovely home but they will probably be adding improvements for years to come. Ray is digging a basement now and Vera is planning just how the porches are to be furnished and screened. They have four rooms and bath and have central oil heating. The floors are polished hardwood and the living room and dining room and kitchen area are connected by a large hallway. We especially pleased with the color scheme in these rooms. The living room walls are a soft gray and the kitchen they called sunbeam yellow, the loveliest shade of yellow we have ever seen. One bedroom has deep rose walls and the other has been decorated yet. They still have much to do in the house and yard, but being in the house they can make every spare moment count. They have an acre of land and always a garden and Vera cans and puts up fruit and vegetables for the winter. They have a lovely little daughter, Elizabeth Anne, who is four years old and who is the biggest factor in making the house a home. One interesting feature in the living room is a granite fireplace with book shelves at the side. Being a petite, we would expect Ray to have some stone work in his home. Both Vera and Ray work at Mill No. 5.

THE GUYNELL AND FRANK BRYANT HOME

We visited Frank and Gyllend Bryan on the Pacolet Road. We have been planning to do this for some time, and last year when they installed an 18 foot deep freezer, Guynell and I conferred on the things we put in our deep freezer. The Bryants have a lovely comfortable home that they are constantly remodeling and improving. They have seven rooms, five down stairs and two bedrooms in the half story above. The living room and dining room are at the front, connected by a large arch that makes for a roomy open space. They have a den, bedroom and modern kitchen on the ground floor and an enclosed long back porch. A white tiled bathroom is one of the attractive features of this home. The Bryants always have a garden and still have fruit and vegetables in the freezer from last year's crop. There are three children. Betty is at home, one son is married and lives in Greenville, and Terry is a student at Clemson College. This is one of the friendliest and nicest families we have seen and we expect to go back from time to time to see what project they are working on, for they are constantly thinking of something to make the home more comfortable or to make living happier. Frank, Guyneill and Betty all work at No. 5.
