

THE PACOLET NEIGH

VOLUME ONE

THE PACOLET NEIGH, JULY, 1949

NUMBER FOUR

Pacolet Scouts Go To Camp Pacolet Mills To Have Big Fourth Of July Program at Ball Park

The following Scouts attended Scout Camp at Saluda, North Carolina from June 19 through June 26: First row, kneeling, left to right: Jack Holmes, James Rice, Joe Carter, James Millwood, Gene Teaster and J. C. Gault. Second row, standing, left to right: Walter Harvey, Jack Howell, Wilburn Millwood, Edsel Garner, Beverly Motts, Rembert Johnson, and Tom Mabry.

Curtis Puckett and Haskell Kimberlain also attended camp as local counselors.

It has come to be a tradition at Pacolet Mills to have a program on July 4th, and this year is no exception. The program will get under way at the ball park at 9 o'clock in the morning and there will be activities till late in the afternoon, with—OF COURSE—the big barbecue dinner at 1:00 o'clock. The master of all masters of fixin' up barbecue dinners, Walter Brown, of Gaffney, will be on hand to do this job up brown. Plates will be \$1.25 for men and \$1.00 for women and children. And a plate of this delicious barbecue is really a generous helping.

The following program will be carried out:

- 9:00 A. M.—Flag Raising.
- 9:15 A. M.—Volley Ball — Old men, 45 and up. Also Girls Volley Ball.
- 9:45 A. M.—Egg Toss. Boys, Ages 14 to 20.
- 10:05—Dizzy Race. Boys, 12 to 16.
- 10:25—Find The Money In Flour. Boys, 1 to 12.
- Watermelon Eating Contest, Pie Eating Contest, Other Contests and Surprises.
- 11:00 A. M.—Trojans vs. Excelsior Rams.
- 1:00 P. M.—Barbecue Dinner.
- 2:00 P. M.—Amateur Contests: Jitterbugging, Solos, Duets, Quartettes.
- 3:00 P. M.—Girls Softball Game.

Pacolet Bathroom Project Finished In Record Time

Last August Pacolet set herself the task of building about 400 new bathrooms in the village houses. Twenty months was set as a probable length of time to finish this project. Today, almost one year earlier than expected, the task is complete. Mr. T. J. Trowell was in charge.

Inlaid linoleum was used on all the floors, and Wal-lite tile on all the walls to a height of 4 feet. Housewives were given their choice of tile colors. Modern built-in tubs and fixtures were installed. Practically all tenants bought either an electric, gas or oil hot water heater.

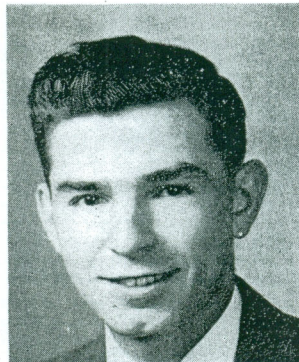

Two groups of plumbers have worked at this task: Anthony and Franks of Gaffney, and Pacolet's own plumbers, with Toby Campbell in charge.

Much pride is being taken in making these bathrooms very attractive. Even friendly rivalry has been shown in many instances.

COLORED PEOPLE ENJOY BARBECUE

Saturday, June 25th, the colored people of Pacolet Mills and surrounding territory enjoyed an all day get-together with barbecue dinner served. There were many games and other forms of recreation, climaxed by a double header baseball game with the Easley Tigers.

CLEMSON GRADUATE

JAMES HARVEY HARROLD

James Harvey Harrold, son of Mr. and Mrs. J. W. Harrold received his B. S. Degree in Textile Manufacturing at Clemson College on June 6, 1949. He is a graduate of Pacolet High School and also graduated from radar school in San Diego, California while serving in the U. S. Navy. He is a veteran of World War II, having served most of his time on Guam in the Pacific.

At the present time he is employed by the Pacolet Manufacturing Company.

CONGRATULATIONS TO PACOLET'S NEW LITTLE FOLK

- Mr. and Mrs. Steele Mulwee, —A Son.
- Mr. and Mrs. Lindsey Manning, —A Daughter.
- Mr. and Mrs. Clay Winstead, —Twins: Son and Daughter.
- Mr. and Mrs. James Dupree, —A Daughter.
- Mr. and Mrs. Reubin Bryant, —A Son.
- Mr. and Mrs. Alfred Moss, —A Son.
- Mr. and Mrs. Wade Bostic, —A Daughter.

Vacation Tips

First and foremost, get to your vacation, DRIVE CAREFULLY! Every holiday sees hundreds of people dead from auto accidents.

SUNBURN! Sunburn can be very painful. Sun should be taken in small doses, even on cloudy days. Take a sunburn remedy with you. Drink plenty of fluids.

GASTRIC UPSETS! This is usually nausea and vomiting. Remember you are eating at irregular hours, different types of food, and cooked under dissimilar circumstances.

Last but not least **HOW TO VACATION!** Remember you have worked fifty weeks without a vacation, doing the same things day after day. On vacations we call on bones, joints, ligaments, and muscles to do feats that they are unaccustomed and unprepared for. Sometimes it is better to sit on the sidelines than to have strains, sprains, and exhaustion.

We wish for each of you a wonderful and SAFE vacation.

Carey Henson, R. N.
Belle Fuller, R. N.

Recreational Activities Stressed For All Age Groups at Pacolet

Front row, left to right—Sissy Pell, Betty Jo Cook, Mary Lou Millwood, Jennie Fleming, Thelma Whitlock, Elsie Gentry and Phoebe Lambert.

Second Row—Tony Sullivan, Bessie Hodge, Ann Crawford, Jo An Sullivan, Mickey Fleming, Mary Alice McSwain, Faye Eison, Virginia Harmon, Dot Greene, Sara Emma Harvey.

Back Row—Margie Allen, Hazel Hogan, Doris Hogan, Mildred Mathis, Betty Carter, Helen Seay, Juanita Gault, and Ruth Trowell.

The boys and girls of the village have promoted the Recreational Program through their active participation. It is a most encouraging feature of the recreational program. It is hoped that the boys

and girls of the village will continue to display their interest in this field.

On June 21st over sixty boys began a five day course in the Spartanburg Y.M.C.A.'s "Learn To Swim Program." These boys will be instructed by Mr. Boyd Israel, the Y.M.C.A. Swimming Instructor. After completing the swimming lessons, boys who successfully pass the swimming tests will be presented with swimming certificates.

During the past two weeks, many girls have been taking a keen interest in the Girl's Softball team. The girls have been practicing as often as possible and it is hoped that a good team will be fielded from the many prospects.

At the present, the girls are di-

vided into two age groups. The younger group is the girls between the ages of 14 to 17. The older group consists of girls between the ages of 17 to 35. Exhibition games for both age groups will be played during the summer months. The softball team will not enter a league.

Pacolet Mills has entered two baseball teams in a league consisting of Pacolet, Inman, Brandon and Excelsior Mills. These teams are divided into two age groups.

The youngest group consists of boys between the ages of 10-13. They have been entered in The Midget Eastern Carolina League.

These young Trojans tasted defeat on Wednesday, June 15th at Inman. The score was Inman 12, Pacolet 5.

The older group consists of boys between 13-14 years of age. They have been entered in The Junior Eastern Carolina League.

Faring better than the Midget Teams, the Juniors trampled Inman 10-2 on Tuesday, June 14. Ned Smith handcuffed the Inman boys with his pitching and Billy Thompson banded out two hits.

Trophies will be awarded to the winners of the pennant and play-offs by Crutchfields Sporting Goods of Spartanburg.

Talking Things Over

PERSONNEL DEPARTMENT

This article is designed to make you more familiar with the operations of your Company. The Personnel Department is to help you look after your problems.

The first duty of this department is to interview all prospective employees and recommend to the Overseers those who are qualified to fill vacancies. There are several other ways in which the Personnel Department helps in looking after the welfare of employees and trying to make work as pleasant as possible:

RECORDS: Records of your promotions, transfers and attendance are kept up-to-date. This helps them to help you. All record forms are mimeographed in this office.

COUNSELING: Many people feel better if they can discuss their troubles with someone who is interested and can help. This department is always ready to "listen", and to help if possible.

HEALTH: The Company requires that each new employee have a medical examination. In addition to this service the mill has provided a modern clinic in each mill. A nurse is on duty or call at all times. A regular Safety Program is carried out with monthly meetings of all supervisors bringing their problems to be ironed out.

CANTEENS: The Personnel Department has supervision of the Canteens: Service Station, Mills No. 3 and 5, The Athletic Association and Colored Canteen at Marysville. Accounts and payrolls for Canteens are handled by this department.

HOUSING: The housing of employees is an interesting feature of the Personnel Department: The assigning of houses and also the upkeep.

The Personnel Department welcomes any opportunity to render a service to the employee.

Pacoleet wishes for each employee a sane and safe vacation during the week of the Fourth of July.

—M. C. STONE.

Happy Relations

In spite of present labor disturbances and constant trouble between labor and management, there are some instances in which both Port Sunlight in England and the town of Hershey, Pennsylvania have attractive houses and living conditions which make for happiness and contentment among the workers.

One good illustration of personal cooperation and friendly relations is seen in a business run by Gerald and Eileen Ford. This young couple runs a modeling agency, operating seven telephones taking orders for models. The Fords get many models from larger agencies for the simple reason that the girls like the personal interest taken in them by the Fords. The models enjoy visiting with their agents, the Fords, who serve them cokes and sandwiches and help them in numerous other ways. This is a good example of real personal cooperation not possible in larger businesses.

In the mill with which we are closely associated, Pacolet Mills, much is done to bring about and maintain happy relations. Recreation provisions are many. The company provides sports activities, baseball and basketball. Boy Scouts and Girl Scouts are also sponsored. Besides these, there is the playground operated during the summer, the recreation hall, the Girl's Club, as well as hikes, picnics, and other such seasonal activities.

Living and working conditions are also important. Good, attractive homes with baths are provided for rent. Stress is laid on the beautification of homes and grounds. In the mill itself, modern machinery makes work safer and easier, and in this respect Pacolet Mills stands out. First aid with graduate nurses in attendance is to be had in case of accident. Added to these, regular garbage collection and general maintenance are carried on to make life more comfortable.

Again, when evils come, such as the occasions when one may be injured or unemployed, insurance comes to the rescue. Group insurance, the cost shared by employer and employee, is ready in case of accident. And when one may be unemployed for a short time, unemployment insurance is on guard. This is financed by government and employer. Insurance is paid up to eighteen weeks to the unemployed.

Employer-employee relations can be improved as is shown by such firms as the above in which associations are friendly and happy. If both parties work together, all can be kept happy and contented and relations kept on a satisfactory, though often impersonal, basis.

JIM PARRISH,
8th Grade

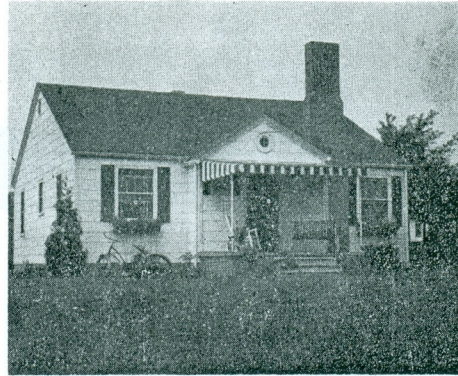

ANNOUNCEMENT

The Golden Trumpet Quartette of Charlotte, N. C., will present a program at Montgomery Chapel, Sunday night, July 3rd. Charges of 25c and 50c will be made. Proceeds will go for the benefit of the church.

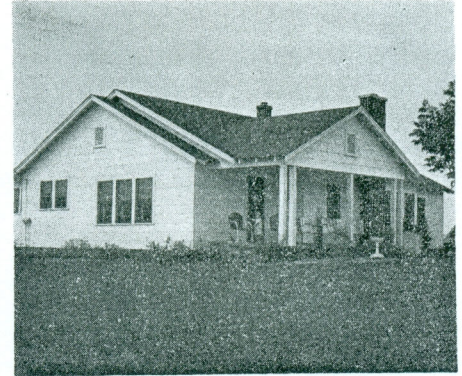

IN NEW JERSEY

Misses Carolyn Mathis and Shirley Wells are spending a week with Mr. and Mrs. Ray Mathis in Newark, N. J.

They Built Their Homes In The Country

MORRIS WHITE'S HOUSE

OTHA PARKER'S HOUSE

Two attractive homes which have been built by employees of Pacolet Manufacturing Company. These are located on the Pacolet Road.

The home on the left belongs to Mr. and Mrs. Morris White. Mr. White is employed as supply clerk. Right, home of Mr. and Mrs. Otha Parker. Mr. Parker is employed in the Machine Shop of

Mill No. 3.

Approximately 50 employees have built and moved into their new homes near the village within the last few years.

(To the above group: We shall be glad to publish other pictures from time to time if you will furnish us with a clear print of your home.)

employees. The Pacolet Manufacturing Company has always been willing and ready to grant any favor that was merited by faithful performance of duty. We are grateful for this also.

More than all this, the Company has gone beyond the bounds of duty in its kindness to my family. Not only has it done everything an employer should do for an employee, but it has done everything it could do.

We can never forget the many kindnesses that you have shown. Please convey this message of gratitude to each and every one who had a part in this gracious work. Such a spirit on the part of the Company and all who are connected with it is certain to yield large dividends in personal efficiency as well as the satisfaction of knowing that you have been of service to your fellowman.

Gratefully yours,
Mrs. W. A. Dotherow.

APPRECIATED LETTER

Inman, S. C.
June 12, 1949.

Personnel Department
Pacoleet Mfg. Co.
Pacoleet, S. C.

Dear Sirs:

I wish to express my appreciation for the many kindnesses that the Pacolet Manufacturing Company has shown my family. We could not number them because they have been too numerous for listing, but we are deeply grateful.

It is a pleasure to work for a company who is willing to extend every right and privilege to its

Mr. Madge Moves To Country Home

Mr. and Mrs. A. D. Madge have moved to their new home in the country.

Sometime ago Mr. Madge purchased the old Lawrence Barry home and farm on Poplar Springs Road near Reidville. This farm consists of 158 acres of land which Mr. Madge plans to develop a model farm through the Soil Conservation Service and Clemson College Extension Department. He expects to plant about ten acres in peach trees and to build up his river bottom pastures for the raising of Hereford cattle.

FIFTY-SEVENTH ANNIVERSARY

Mr. and Mrs. T. S. Sutton celebrated their 57th wedding anniversary on June 12th at their home at Pacolet Mills.

Mr. and Mrs. Sutton have 10 living children, 22 grandchildren and 7 great grandchildren.

Some people have a perfect genius for doing nothing, and doing it assiduously.

—Thomas C. Haliburton

Granted by permission of National Safety Council.

Agricultural Department Of Pacolet Hi Continues Throughout Year

Now that graduation time has come and gone and formal school is closed and done for the present 1948-49 session we would like to call your attention to one phase of school work which goes on the year around, that is, our Agriculture Department program.

Allow us first to call to your attention the man who has directed the work of this department for the past two years, Mr. H. B. Davis. We do this first of all because we feel that he has done an excellent job in this work while he has been here. Second by way of paying our respect to him as he leaves us to take up work with wider implications at the Ashwood School near Bishopville, S. C. This school is to serve as a sort of experimental project and as a conference point for various types of agricultural work. Mr. Davis is being released for this work at the request of the State Agriculture Department and he goes with the best wishes of all of us here.

Under Mr. Davis's supervision and with his help the boys helped to finish the shop building which had already been started. It now houses their classroom and shop proper is beginning to have a few pieces of equipment such as an adjustable table or bench saw

with which it is possible to rip, saw, and cut materials in many sizes and angles, a forge a welding outfit, a jointer, anvil, vise, work benches and a few lighter tools etc. It is hoped that the shop may become increasingly useful to the boys and the farmers of the community.

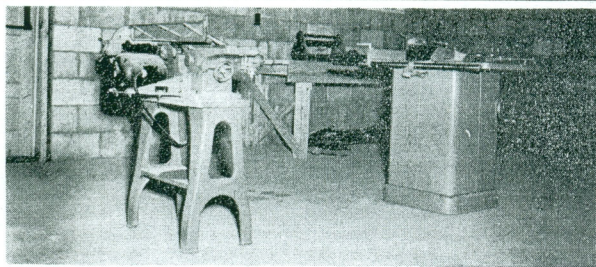

Seed treating has been a service available for a long period of time and still may be had on call and is still highly recommended.

Perhaps of more immediate interest right ahead is the cannery. This is a project that many of the people have found helpful. It is hoped that it will be more so this year. A new boiler of larger capacity and fired by a stoker has been added for the canning season. This should afford more and better steam for preparation and cooking. This, together with high hopes for a better supply of water by means of a well in the process of being dug should make for an excellent canning situation.

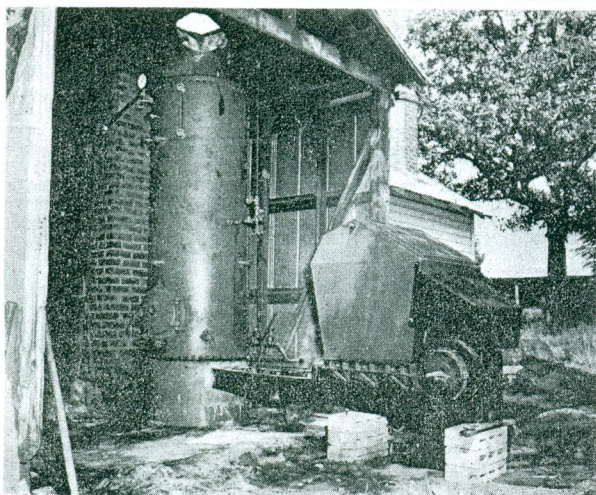

The F. F. A. (Future Farmers of America) boys with Mr. Davis assumed the major responsibility for the potato curing this past year with a high degree of success. It is hoped than an even better potato crop will be cured this coming

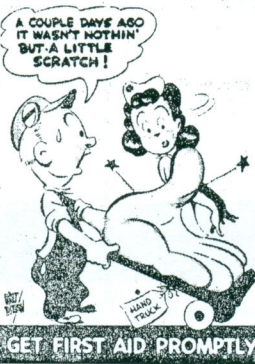

Neil Robinette, now a Pacolet Mills employee, and three generations of the Hudson Chain heifers.

Interior of shop showing jointer and bench saw etc.

Close-up of the new cannery boiler and stoker.

Used by permission of National Safety Council.

Pacolet National Guardsmen Leave For Army School

Four National Guard men are leaving June 24th for Army schools. The men are: James C. Trent, Jr., Alfred E. Moss, Dorsey B. Greene, Jr., and James A. Padgett. Junior Trent will attend a motor mechanics school at Ft. Eustis, Va. for eight weeks. The others go to Aberdeen Proving Ground, Maryland, to a tank and artillery school for twelve weeks. Members of the National Guard have their choice of attending Army schools in almost any field they choose. While attending an Army school, all expenses are paid and the men receive regular Army pay.

The Pacolet National Guard Company is now getting ready to attend summer camp at Ft. Jackson from July 3rd to 17th. Any one wishing to join the National Guard and go to camp should do so immediately, for we only have a few more vacancies. We will not be able to enlist any men after a quota has been reached.

Following is a pay table showing what a National Guardsman receives for a two hour drill period.

Recruit	\$2.50
Private	2.66
Private First Class	3.00
Corporal	3.33
Sergeant	3.83
Sergeant First Class	4.50
First Sergeant	5.50

season. The Department proved most helpful in beautifying our school lawn and grounds generally. For these and many other helpful services we are very grateful to Mr. Davis and to his department generally. In addition to all these things he has found time to teach three Veterans in their on-the-farm-training-program and help organize a class under an assistant veterans teacher, Mr. C. C. Goforth. Mr. Davis has thus set a good example for his successor.

LIST OF HIGH SCHOOL FACULTY FOR 1949-50.
 W. S. Parrish, Supt.
 H. T. Blackwell, Prin.
 P. H. Garrison, Math. and Coach.
 Mrs. Selma W. Bonner, Latin and English.
 Mrs. Ruth W. Brown, English and Social Studies.
 Mrs. Ruby P. Kirby, Science and Math.
 Mrs. Anne B. Lee, English and Librarian.
 Mrs. Elizabeth M. Morrell, Commerce.
 Mrs. Isabel R. Hines, Home Economics.
 Mrs. P. H. Garrison, Science.
 Teacher of Agriculture to be announced later.

The Unique Club Is Popular With Pacolet Ladies

During World War II, when our mills were running three shifts, six days a week, people didn't have much time for any social life or recreation. So the ladies of the lower weave room at Mill No. 3 planned a picnic. On May 31, 1942, 9 of the ladies went to Irene Park in Gaffney for the picnic and they liked it so well, "Our Gang" was formed. Since many of the husbands and sweethearts were called into the service of their country, the ladies thought this was a good way to have fun and fellowship together and also to keep up the morale on the home front.

In 1943 this group had a birthday party each month for the members. Good things are always uplifting and heard about and as others heard of the good times

Announce Faculty For Pacolet Mills Schools 1949-50

1st Grade—Miss Blanche Going.
 2nd Grade—Mrs. Mildred C. Robinette.
 3rd Grade—Mrs. Mary Wingo.
 4th Grade—Miss Isabelle Moses.
 5th Grade—Mrs. Samille R. Weeks.
 6th Grade B—Mrs. Christine L. Mazyck.
 6th Grade, A—Mrs. Grace L. Tate.
 7th Grade—Miss Ruby E. Brown.
 Home Economics—Miss Margaret Tate.
 Supt.—Miss Myrtle C. Venable.
 Trustees: D. B. Greene, Chm.; B. L. Mason, Secy. G. F. Harrold.

The following teachers are at summer school:

Mrs. Mildred Robinette—Wofford College, Spartanburg, S. C.
 Mrs. Samille Weeks—Wofford College, Spartanburg, S. C.
 Miss Isabelle Moses—Appalachee State Teachers, Boone, N.C.
 Miss Margaret Tate—Duke University, Durham, N. C.
 Miss Ruby E. Brown will leave for summer school at Boone, N. C. about the middle of July.

FACULTY PACOLET MILLS COLORED SCHOOL
 1st and 2nd Grades—Mrs. Myrtle P. Heade.
 3rd, 4th, and 5th Grades—Miss Sarah Hill.
 5th and 6th Grades—Mrs. Alberta D. Daniel.
 Mrs. Alberta Daniel is attending summer school at Benedict College.

these ladies were having the group began to grow in number and finally it was decided to change the name from "Our Gang" to the "Unique Club".

Some of the features of this club are banquets, picnics, parties and theatre parties on special holidays. Flowers and cards are also sent to the sick members.

Marie Thompson and Louise Fowler have never missed a thing this group has had. Corrie Gregory has missed only once. Louise Brown went to Jacksonville to live with her husband who was in the Navy, while Margaret Wilkins went to Texas to be with her husband who was in the Army. Since coming back and getting in with the group again we have been entertained in their homes.

This group is very much alive and many times we are invited into the homes of members for a big dinner or party. Recently a picnic was enjoyed at the country home of Mrs. Lucille Robinette on the Jonesville-Spartanburg highway. After several out-door games and the making of pictures the group was invited into the living room where a picture contest was held. Each member had been asked to bring one of her baby pictures and after the judges had made their decision, Mrs. Louise Brown was awarded a prize for having the cutest baby picture. Mrs. Robinette's daughters, Ramonia and Carolyn were the judges. After this we were invited to the picnic table which was loaded with many good things to eat which each had brought. Mrs. Robinette had a churn of delicious ice cream to finish the meal.

We think this is a good way to keep up friendship and at the same time have fun and some social life.

BEST WISHES

Miss Rella Marie Anderson, who taught music at Pacolet Mills Grammar School last season, was married in Spartanburg on Tuesday, May 31, 1949, to Mr. Gilbert Meyer Carp. Mr. and Mrs. Carp will make their home at 3420 Robt. Street, New Orleans, La.

Used by permission of National Safety Council.

These Two Pacolet Churches Conducted Successful Vacation Bible Schools

Our Vacation Church School began on June 5 and closed on June 12. Courses were offered by Beginners, Primaries, and Juniors. The attendance averaged was 80. Classes began at 8:30 on week days and continued until 10:30. The following gave of their time and talents to the teaching: Mrs. Paul Brown, Mrs. Horace Henderson, Mrs. H. E. Bullington, Mrs. Lois Lee, Mrs. B. F. Holmes, Mrs. R. L. Garner, Mr. Alton McGraw, Misses Bessie Poole, Marguerite Holmes, Sara Elizabeth Hughes, Hilda McCravery, Josephine Mathis, Phyllis Teaster. To all of these we are grateful.

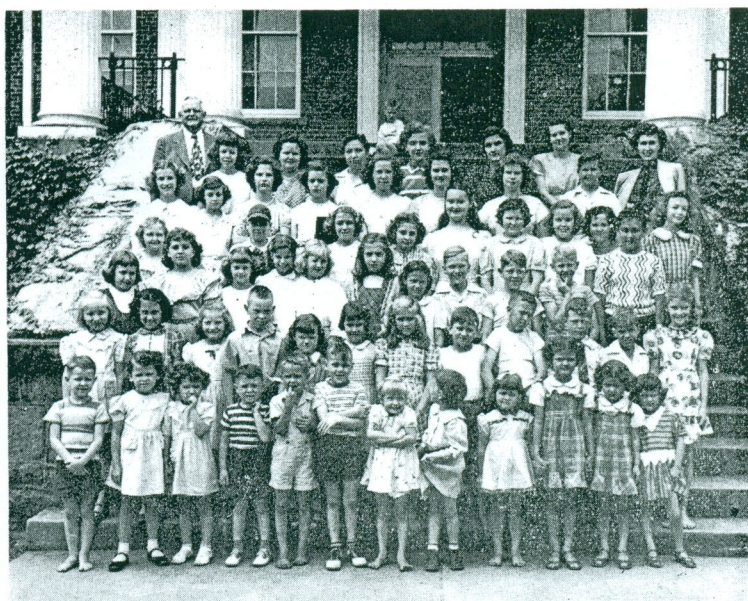

There will not be any curtailment of the work of the church during the summer. Sunday School each Sunday morning at 10 o'clock and the preaching services at 11 A.M. and 8 P.M. The Methodist Youth Fellowship meets each Sunday evening at 8:30, following the evening service. This

service has proven most helpful to our young people. Under the leadership of our counsellors, Mrs. Eddie Wells and Mrs. Willie Thompson and our President, Mrs. John Eison, interesting and helpful programs of fellowship and worship are given. Recently the group went to the new park at Camp Croft and enjoyed a weiner roast. At that time a gift was presented to Mr. Warren Wofford for the service he had rendered while living in our community.

On last Tuesday the Gaffney-Glendale Zone of the Woman's Society of Christian Service met in our church. Ladies from the churches in this area came together for the day to consider the several phases of their important work.

We call upon all our people to keep enthusiastic for Christ and His Church and always be about the Father's business.

—H. E. BULLINGTON,
Minister.

On account of the remodeling of the Pacolet Mills Baptist Church our Vacation Bible School was held at the school building.

In spite of the fact that it was too far for some of the smaller children, and that the termite exterminators were on hand part of the time we had a good school. There were not so many in attendance as we usually have, but we made up for it in the quality, of the work done. Refreshments were served at the close of school each day.

The Beginners were taught by Misses Nelleen Seay, Ila Gene Mathis, and Martha Reeves. Primaries by Mrs. Evelyn Burgess, Misses Mildred Holland, and Charlotte Baker. The Juniors by Mrs. C. T.

Holland, Mrs. Virginia Smith, and Miss Ruth Trowell. The Intermediates by Doyle Goforth. The principal was the pastor of the Pacolet Mills Baptist Church.

The general topics taught in the different departments were as follows: Beginners, Learning about God's Love and Care; Listening to Stories about Jesus, the Friend and Helper, and Learning to Please God. Primaries, Bringing Our Gifts, Jesus His Gift of Storytelling, and Friends of Jesus Using Their Gifts. Juniors, Jesus Expects Us to Do Right, Jesus Expects Us to Love One Another, Jesus Expects Us to Love and Trust God. Intermediates, A Study of the First Missionary Letters.

W. T. TATE, Pastor.

Seniors Have Farewell Party

On June 6th the Seniors of Pacolet Hi gathered at the Girl's Club after graduation exercise were over for a big and last celebration as a class. After the group had enjoyed to the fullest several contests, singing, jitter-bugging, etc., they were invited to the refreshment table where Phyllis Teaster, Merita Fowler and Dorothy McCravery had done themselves right proud on this committee. They served delicious punch, sandwiches, potato chips and cookies.

Of course everyone had a wonderful time and very happy after receiving his diploma, yet there was a note of sadness at the thought of parting as a class. But we're watching these young people with a lot of pride, because so many of them do plan to continue their education in other institutions of learning.

MISS JONES HAS PARTY

Saturday night, June 11th, Miss Montez Jones celebrated her 19th birthday at the Girl's Club. About 35 of Montez's friends were present and everyone had a wonderful time. Mrs. Leroy Pace was in charge of the games and she also assisted Mrs. Garner in serving the delicious refreshments of sandwiches, potato chips, doughnuts and pepsi colas.

SPORTS

The Pacolet White Trojans are in the midst of the Eastern Carolina League pennant race. At this writing the Trojans are only a one half game behind the league leading Excelsior Rams.

Closely following the Trojans are two other top-notch textile teams. The Mills Mill Millers are breaking on the Trojans' necks and also the Inman Peaches.

As many expected, the league thus far has been very fairly balanced and every game promises a battle throughout the entire nine innings.

We can well be proud of the hustle and fine sportsmanship displayed by the Trojans. The Trojans of '49 may well be compared with the Trojans of '36 by their knack for winning ball games in the ninth inning.

Drayton was the victim of two such innings and it all goes to prove that a baseball game is unpredictable.

Let us all support our team and give them the encouragement that they deserve.

GARBAGE CANS

Garbage cans with lids are now available for employees. See Charles Wilkins at the Service Station.

Coincidence --Or Faith

A wealthy family in England, many years ago, took the children for a holiday into the country.

Their host, a gardener, turned over his estate for the entire weekend to the visitors. The children went swimming in a pool. One of the boys began to drown, and the other boys screamed for help. The son of the gardener jumped into the pool and rescued the helpless one.

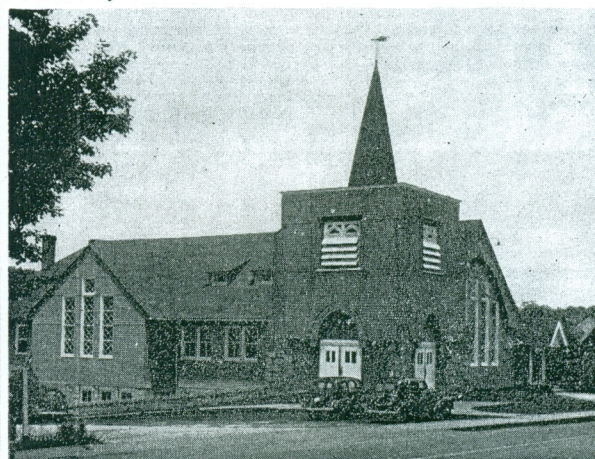

Later, the grateful parents asked the gardener what they could do for the youthful hero. The gardener said his son wanted to go to college some day. "He wants to be a doctor," said the gardener. The visitors shook hands or that. "We'll be glad to pay his way through," they said.

When Winston Churchill was stricken with pneumonia, after the Teheran Conference the king of England instructed that the best doctor be found to save the Prime Minister. That doctor turned out to be Alexander Fleming, the developer of penicillin.

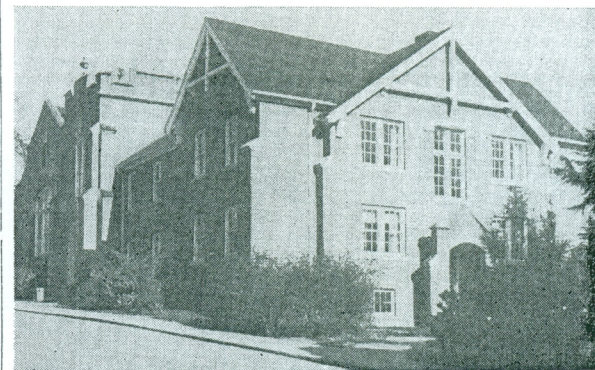

"Rarely, said Churchill later, 'has one man owed his life twice to the same rescuer.' It was Sir Alexander who saved Churchill in that pool!"

—Sunshine.

Drive carefully over the holidays —And live to drive again!
