

# THE PACOLET NEIGH

VOLUME ONE

PACOLET MILLS, S. C., OCTOBER, 1949

NUMBER SEVEN

## Pacolet's Community Chest Drive Started

A meeting of the Pacolet Mills Community Chest was held Sept. 21, 1949 in the conference room of the main office.

Mr. C. T. Holland was re-elected as Chairman and Coye Lee as Secretary and Treasurer.

The Chairman stated that the purpose of the Community Chest was to render aid to the families of the employees whether they live in the mill village or on the outside, who meet with unfavorable circumstances. In order that the employees of each Department have their share of assistance a committee has been appointed from each Department of the mill. These committees consist of all the Overseers and Second Hands who then appoint one employee from each shift to act on the investigating committees. The committees are as follows:

- |                            |  |
|----------------------------|--|
| MILL NO. 5                 |  |

## The White Trojans .. They Won the Finals

Here are the White Trojans, the team that won the championship playoff in the Eastern Carolina Textile League. Left to right, they are, back row: Edward Seay, Lyn McMackin, Ping Toney, James Allen, Sam Hogan, Olin Hodge, James Green, Carl McSwain, James Lambert. Front row: Smokey Mathis, Shug Trent, Kans Goforth, Red Ellison, Bobby Rice, bat boy, and Cotton Whitlock.

The Pacolet White Trojans won the Shaughnessy play-offs by defeating Excelsior 3-2 in a thriller at the Pacolet Mills Ball Park Saturday, September 24th. The Trojans won the series 4 games to 1 after eliminating the Mills Mill Millers in the semi-finals, 3 games to 2.

James H. Greene turned in a sparkling five-hit performance in the final game, while manager Red Ellison blasted out a homerun with a mate aboard to account for two of Pacolet's runs. Bill Allen beat out an infield hit to score McMackin with the winning run.

Smoky Mathis and Jimmy Motts made several outstanding catches in the field during the series. K. Goforth, "Sug" Trent, Carl McSwain, "Ping Toney, and "Nuts" Greene turned in fine pitching performances. K. Goforth was the leading pitcher of the series with 2 wins against no defeats.

The hustle, the hitting, the fielding, the team spirit and good sportsmanship are the qualities of a championship team and that title is held by the Trojans.

### VOLLEY BALL AND SOFTBALL

The volley ball champion of the Inter-dept. league is Card, Spin No. 3 and Outside. This team finished the season on top with Weave Room No. 5 and Shop, and Weave No. 3 and Shop close behind. Due to a late start no play-offs were planned.

The winners will be presented with a trophy at a later date. Wade Sullivan is manager of the winning team.

The soft ball champion of the Inter-dept. league is Weave Room No. 5 and Shop No. 5. After a close battle during regular season 2nd shift, 2 games to 1 in the play the Weave and Shop men defeated the Card, Spin No. 3 of the

## Scholarships Offered By Pacolet Manufacturing Co.

In 1943 Pacolet Manufacturing Company established two scholarship funds, one at Wofford College for boys, and one at Converse College for girls. These scholarships are available to worthy boys and girls who are employees or children of employees of Pacolet Manufacturing Company. If no applicant is found in the Pacolet Mills community, the colleges reserve the right to award them to others. We have not always found applicants for these scholarships, but this year both of the scholarships have been assigned.

The pupils benefitting from these scholarships previously were: Mildred Seay, Leroy Caton, Horace Bullington and Loy Bryant. This year Phyllis Teaster has been awarded the Converse scholarship, and Dean Patrick the Wofford scholarship.

In copying the list of college students for the last issue of the paper Dean's name was inadvertently omitted. We are also quite happy to add to our list of college

final play-offs.

Bill "Snuffy" Phillips set the 2nd shift down with ease to cop the deciding game after the series was tied at 1-all. Lawrence Fleming is manager of the winning softball team.

The teams of the volley-ball and softball league will be given a supper at a later date. Trophies will be presented to the champions at this time.

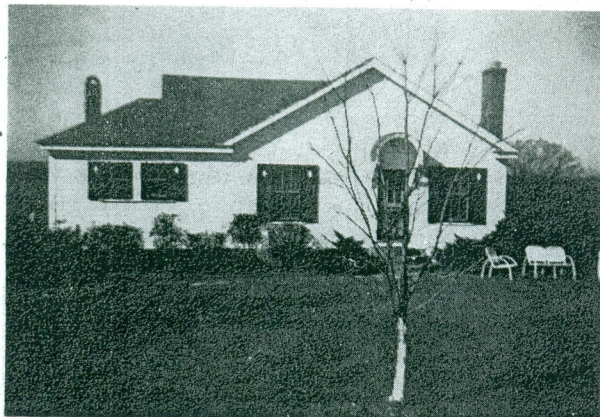

students the names of William Fowler and Edward Bryant, students at Clemson. If you know of any other students in our village who have decided to enter college we would appreciate having their names.

## Pacolet Mills School News

Pacolet Mills White School and Colored School are off to a good start of this year. Each has a full Corps of teachers, and the children have been unusually prompt in buying and renting their books.

We are very happy to announce an addition to the faculty of the white school. Miss Lorraine Harris comes to us as our music teacher. Miss Harris is the daughter of the Rev. Fred Harris, pastor of the Methodist Church at York. She has had two years' college work at the University of Georgia, and completed her Bachelor of Music Degree at the Illinois Wesleyan School of Music in Bloomington, Illinois. She is getting her Master's Degree in voice at Converse College.

We feel that we are most fortunate in securing her for our music work in the community, since she is well qualified to teach piano, organ and voice. She began her work with us September 26.

Home of Mr. and Mrs. Jim Fleming on Pacolet Road. Mr. Fleming is second hand at Spinning Room No. 5, and Mrs. Fleming is a spinner at the same mill.

## Talking Things Over

Did you ever consider how the company gets the money to operate this plant—money to buy supplies, pay labor costs, taxes, and all the expense involved in operating a modern textile plant?

No doubt you have a general idea that the company sells the goods which are manufactured here and that brings in the required revenue. And that is true. But it is not as simple as that. In the first place we must offer our products in competition with literally thousands of other textile plants in the country making the same kind of goods which we manufacture. We must continually maintain a competent selling organization and, of course "selling our goods" is the primary object of all the other duties involved in the operation of this plant.

This business of "selling our goods" as well as the general conduct of the business is generally known as management. Now there is no short cut to good management. There is not a miracle to take the place of sound business practices. Workers in the mill are at a distinct disadvantage if the company does not maintain good and sound business management. We try to provide our workers with the very best business methods in the management of this company.

But good management alone is not sufficient. Management and production workers must team up to produce the best results. Teamwork is just as necessary in manufacturing cloth as it is in anything else. If one half of our own White Trojan baseball team had "laid down" we never would have been in the finals play-off. Here again there is no shortcut, no miracle to be performed to take the place of individual application to the job. Each individual worker has a task to perform and each task enters into the cloth which we make here at Pacolet Mfg. Co. Your job is your part of Pacolet Mfg. Co.

I think it is only fair to emphasize here that the actual difference between profit and loss, which determines the operation of the plant, depends upon teamwork, cooperation and everyone doing his job well. We quote from a letter of Sept. 13, 1949 from one of our customers as follows: (We are sending you a sample piece of striped material and you will notice where a cotton seed was left in the goods and caused a streak in the printed goods. We are also sending a piece of the grey goods and you will notice that if you lay it flat on the table it is not a full 37" wide. You can stretch it to 37" width, but in our opinion that is not the way you are supposed to do cotton cloth in order to get the width ordered.) With good and loyal people in both management and production, all working together, we can and will meet competition and sell our goods in the markets of the world.

—M. C. Stone.

### NOTE OF THANKS

The family and relatives of Cole L. Fowler wish to thank the people of the village for their many kindnesses shown at the time of his death.

"Once a country legislates its freedoms away, it cannot legislate them back."—Dr. George F. Lull of Chicago.

# Are You Interested In The Schools of This County

On October 11 there will be held in Spartanburg County a special election which will affect the educational opportunities of every child in the county. You are asked to vote for one of two plans: a COUNTY UNIT PLAN, giving every child in the county equal

### COUNTY UNIT

Present 90-odd districts would become one County District or Administrative Unit.

Uniform tax levy for entire county

Uniform written contracts for teachers throughout the county, with sick leave.

Would promote equalization of educational opportunity for all children in the county.

County as administrative unit would maintain school buildings and build new ones when Board deemed it necessary.

7-member County Board of Education to be elected by voters to replace present trustees and present 3-member Board.

County Superintendent of Education elected by County Board of Education according to professional qualifications.

County as administrative unit would own and operate all school buses.

educational opportunities, and a HIGH SCHOOL DISTRICT PLAN, giving the children whatever opportunities the district in which the child lives is able to offer.

Following are the comparative points of the two plans:

### HIGH SCHOOL DISTRICT

Present 90-odd districts could be reduced in number to not less than 2, but could be 20, or even the number of districts we now have.

Control of schools in the hands of as many district Boards of Trustees as are set up.

Each district would set its own tax levy.

Teacher's contracts to be determined by each district Board of Trustees.

Districts levying highest rate of school taxes could afford best qualified teachers and offer better instructional program.

Each district would be responsible for its own building program.

No special set-up of governing body nor plans for election of County Superintendent nor such operational problems as transportation are recommended. The County District Reorganization Committee is empowered to recommend "such repeal, revision or addition to the present school laws as would further improve the public school system of the county."

## Montgomery Memorial Methodist Church

Several important things have taken place in our Church this month, the first being "Youth Activities Week" which was most helpful to all who attended these services. We were most fortunate in having with us Rev. R. H. Reynolds, former Youth Director of our Conference. His messages were most timely and helpful.

Various young people conducted the devotional services. After the service in the auditorium there was a directed recreational program in the social hall. The ladies of our church served refreshments which were enjoyed and appreciated. Mr. Reynolds won a warm place in our hearts and we are grateful to God for his ministry among us.

On September 14 we had our last Quarterly Conference with Rev. S. D. Newell, District Superintendent presiding. Reports were made on the work of our church and Asbury Church for the year. Election of Stewards, Trustees and Church School Officers was also held. Mr. O. S. Parker was elected Lay Delegate to the approaching Annual Conference to be held in Bethel Methodist Church, Charleston, October 25 to 31.

Promotion Day will be observed in the Church School September 25. At which time an interesting program will be given by the several departments of our Church School. Certificates will be given to those being promoted from one department to another.

On October 2 we shall unite with Christians all over the world in observing "World Wide Communion." Every member of our church ought to be present and participate in this service. There is a thrill to feel that one's fellow Christians around the world are meeting together in prayer and meditation as they partake of the

holy communion.

As we approach the end of our Conference year, we call upon all our people to unite their efforts to make a record of which they will be justly proud.

H. E. Bullington  
Minister

## Pacolet Mills Baptist Church

Saturday September 24, the Woman's Missionary Union Workers Council of the Spartan Association met with the Pacolet Mills Baptist Church. An interesting program was rendered both in the morning and in the afternoon. A delicious lunch was served by the ladies of our church. There were one hundred and seventy present.

The following have been elected as general officers of our Sunday school and will begin their duties October 2, Alfred Parker, General Superintendent; Foy Baker, Assistant Supt.; Ben Hogan, General Secretary; Mrs. C. T. Holland, Supt. of Adult Department; Mrs. Walter Greene, Supt. of Young People Department; Mrs. J. B. Weeks, Supt. of Junior Department; Mrs. Mable Jones, Supt. of Primary Department; Mrs. Virginia Smith, Supt. of the Beginners Department; Mrs. Arthur Hoge, Supt. of the Cradle Roll; Mrs. C. W. Pearson and Mrs. DeWitt Seay, Supts. of the extension Department.

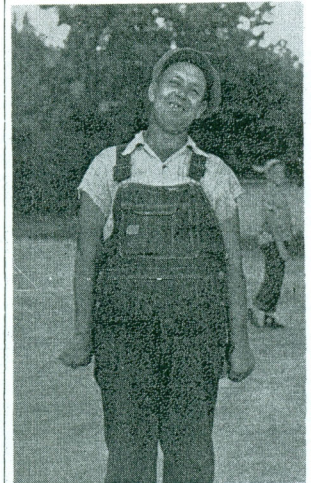

Where changes were made the Supts. asked to be relieved and some one else elected in their places. Special mention should be made of two of our retiring superintendents. Mrs. W. A. Burgess has been Supt. of the Intermediate Department for 23 years. Also Mrs. Cora Gardin has been Supt. of the Primary Department for 23 years. They have missed

Miss Moselle Huff, who has been connected with Pacolet Manufacturing Company for almost 40 years expects to retire in the near future. Miss Huff has had charge of the Pacolet Mills Hotel, Victor Inn, for almost 30 years. She expects to continue to make her home at the Inn. Her special hobby is collecting pitchers. She has several hundred in her collection.

## WHAT EVERYONE SHOULD KNOW ABOUT—HOME SAFETY

1. Keep steps and porch railings in sound condition.
2. Illuminate dark stairways and provide hand rails for all stairways.
3. Do not allow material to be stored on stairs.
4. Sand icy steps and walks promptly in winter.
5. Never run the car in a closed garage.
6. Keep a supply of approved fuses on hand. Do not allow defective cords or electrical equipment to be used.
7. Keep sharp kitchen utensils, matches, and poisonous substances out of reach of children.
8. Handles of cooking utensils on top of stove should be turned in where they can't be reached by children or bumped by grown-ups.
9. For reaching high places, use a stepladder.
10. Put anti-slip pads under scatter rugs.
11. Have a rubber mat in your bathtub or provide a handhold.
12. Keep a well supplied first aid kit handy.
13. All members of your family should know how to apply prone pressure resuscitation. (See the American Red Cross or your insurance company.)
14. Strains can be avoided in lifting by bending the knees, crouching down to the object, keeping the back and arms straight, and pushing up with the legs.

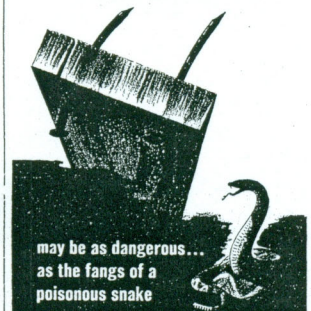

FLETCHER GREGORY Posts all signs for baseball club and keeps park cleaned up.

### SICK LIST

Mrs. M. B. Lancaster in hospital.  
Mr. C. F. Parker.  
Mrs. Florence Martin.

## a rusty nail...

may be as dangerous... as the fangs of a poisonous snake

## His Retirement

A young man at the age of 20 enters the S.X. Company as an apprentice at a wage of \$900 per year. He is to receive a yearly increase of \$60 per year until he reaches the age of 60, when he is to be retired on half of his average during the last five years that he works. What will be his retirement pay?

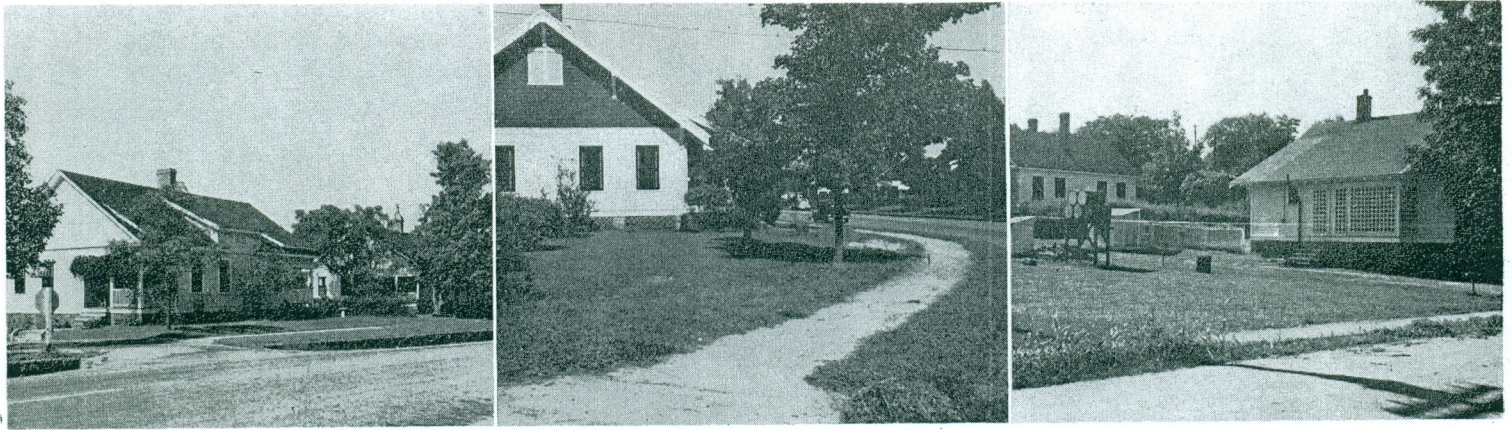

(Figure this out—but if you can't get the answer you'll find it on the back page of this issue.)

only a very few Sundays during this time. Faithfulness is a wonderful thing.

W. T. Tate, Pastor.

Accidents don't just happen... They are Caused! Be Careful!

Another view of Pacolet Mills Homes where the yards have been beautified. Residents take pride in keeping clean premises.

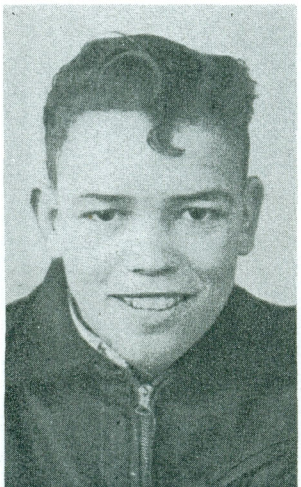

# Pacolet High School News

The Athletic Program of the Pacolet High School is entering into second year of competition in their sports. Until last year baseball and basketball were the only sports offered. Beginning last year football was added and also a broader program in baseball and

basketball. Last year's football record will stand up with any first year team. We had 5 defeats,, 4 wins, and 1 tie. Our basketball season was a successful one. We won the District II Crown and advanced to the

Attached action shot of basketball team vs. Inman at Pacolet gym, showing No. 3, Jimmy Hodge; No. 13, Bud Teaster; No. 14, Frank Teaster. Also, pictures of Liston Jones and Billy Thompson, co-captains of this year's football team.

LISTON JONES

BILLY THOMPSON

semi-finals of upper state elimination.

Baseball due to bad weather was a 50-50 go. We lost 5 and won 5. Finished third in the district.

This year's football has gotten off to a steam-rolling start. Although the first two games were with weaker teams, Pacolet has nevertheless roiled up a fighting score. So far, Pacolet has scored 103 points to opponents 0.

This also marks the team's fourth straight win as they won last year's last two games.

One touchdown has been scored against them in four games. That was Boiling Springs on Thanksgiving Day,, last year.

The Indians will get their big test Friday,, Sept. 30, at 8:00 o'clock at Pacolet baseball park. They meet a strong team from Duncan, which has speed and power. A win for Pacolet would all but cinch the lower district title.

Our team this year misses the presence of such regulars as Capt. Frank Teaster, Guard Bryant Mason, and Back Jimmy Garner who have left by route of graduation.

This year's team is lead by two co-captains, Billy Thompson and Liston Jones. Sharing the spot light with these two last year regulars is Bud Teaster who can reach and get those touchdowns passes, and serve also as a good fullback.

Several newcomers dot the first string. Ned Smith, a first year back and one of the best backers on the team. Johnny Shepard, whose hard line bucks are always good for a gain. Gerald Pugh, a good guard and end and a good hustler. Other members which include last year's players are Jack Gardner, "Moon" Seay, "Bush" Shealy, Buford Trent, James Baker, Albert Ward, Reid and Wilbur McBride, Bruce Parrish, Paul Petty and Jimmy Hodge. Newcomers include Oren Robinette, Don Wells, Bobby Harvey, Donald Kirby, John McGaha, Gene Campbell, Bobby Gossett, Boots Quinn, and Jim Parrish.

We are all hoping for a full O. K. for our star ground gainer, Jimmy Hodge. Jimmy is under a two weeks trial at kicking and passing. Monday, Sept. 26, will let us know if his doctor says he is ready or not. We all hope for the best for Hodge, as several college coaches have already expressed an interest in him.

We are hoping for a successful season in football, basketball and baseball.

Our football and basketball teams both have the best equipment available. New fixtures are being added to our gym. In every respect we think our Athletic Program is moving forward.

## Glee Club

The Glee Club of Pacolet High School has begun its second year of work. Many new members have been welcomed and many old ones have been reluctantly dropped due to schedule difficulties.

We are working on a program to present for your pleasure at Christmas.

As a club, we wish to express our heart felt thanks to you; our parents friends and neighbors. Your loyal support and never-ending encouragement for our feeble efforts in the past have truly inspired us to set a high goal of accomplishments this year.

## In College

Twenty-three of last year's forty graduates are furthering their education. We think this is a splendid record.

### Spartanburg Jr. College

- Elsie Gentry
- Frank Teaster
- Joe Mabrey
- Dick Lee
- Billy Mabry
- Paul Brown

## VISITORS

Mr. and Mrs. Leonard Green of Mexico City, Mex. are visiting Mrs. J. O. Green on their way to Washington, D. C. Leonard is connected with the Agriculture Department.

We urge your full cooperation, as spectators. Be there to back your team and your school, and we will try to give you a good team and a good game.

## NEGRO BOYS AND GIRLS AWAY AT SCHOOL

The following negro boys and girls are away at school: Warren Smith, daughter of Harvey Rogers and Ethelene Smith Rogers is a senior at Knoxville College, Knoxville, Tenn.

Robert E. Smith, son of Colossie Smith, is a sophomore at Clafin College, Orangeburg, S. C. Mildred Gault, daughter of Early and Ethel Gault, is attending Carver High School in Spartanburg.

Josephine and Joseph Vanlue, children of Robert and Lescoe Vanlue, are attending Granard High School in Gaffney.

## In Memory

Of Mrs. Georgia Pace and Mrs. Belle Pace

When evening shadows begin to fall  
Our thoughts carry us down memory lane,  
We never go far until we think of our mother  
And the Heavenly home with God she has gained.

Down through the shadows of death she has traveled,  
To leave us bewildered and so lonely within.  
Our most beautiful memory and great consolation  
Is that God was her guide even unto the end.

Lest we fall by the wayside while mother is sleeping  
Dear God, lift us up with thy Almighty hand,  
Teach us the way to be your fellowmen as mother was,  
So our feet will not wander where there is sinking sand.

## Favorite Recipes

### CONGEALED FRUIT SALAD

- 1 cup nuts.
- 1 can sliced pineapple (cut up).
- 1 can white cherries (seeds removed.)
- 1 small can carnation milk.
- 1-2 cup mayonnaise.
- 2 envelopes plain gelatin (soaked in 1-2 cup cold water).

Bring to a boil the juice of the fruits with 1 tablespoon sugar. In this hot mixture dissolve the gelatin, and allow to cool. When the gelatin mixture congeals whip it with an egg beater until well broken up, then beat in milk, mayonnaise, fruit, and nuts. Put in refrigerator and allow to harden.

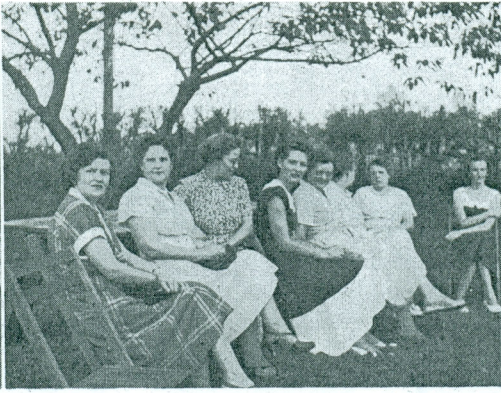

—Mrs. C. G. Winters.

## Snapshots of the Office Picnic at the Madge Home . . . They voted to repeat the performance.

Scene to our left was evidently snapped just after the cry, "Come and get it" had been sounded. The center view shows the ladies in waiting, evidently wondering why the men folks are so long in preparing the feed. Looks as if they've just been told to "Take an old cold

tater and wait." Ah, but that last scene on the right, ladies and gentlemen, needs no title, no explanation. This is the gossip session. Here is discussed everything that has happened in the last month and some things that

didn't. If only we could have had our recording microphone set up we could have gathered enough news for the next three issues of The Pacolet Neigh. But what is a picnic without some spicy gossip!

## Office Force Enjoyed Picnic; Saw Sights And Ate Chicken

The pleasant aroma of barbecued chicken filled the air as we approached the Madge Farm the Friday afternoon of the picnic. The sun was shining, birds were singing, and the shade of large trees across the lawn gave everyone the feeling of fellowship and good country hospitality.

Mr. Madge was the gracious host to the entire office force and all the overseers including wives, husbands and sweethearts as well. A day we shall not forget.

Dozens of cars parked in the avenue next to the stately farm house. People circulated around viewing the wonderful landscape and spacious appointments of the well planned farm. We were invited into the house, and Mrs. Madge showed us the newly decorated interior. It was not only beautiful, but reflected fine comfortable living.

Nobody hurried, but somehow the smell of chicken over charcoal attracted everyone into the backyard where we found picnic tables on the lawn, all nicely laid out

for a sumptuous feast. Mr. Trowell was in charge of the cooking and held forth at the barbecue pits, with Ora Wells and Elms Gibson;—assisted by Robert Hemphill, Irene Cook, and James Brown. It was a feast indeed. With chicken stew, barbecued chicken, steaks, soft drinks, all the trimmings—if everyone didn't get his fill of delicacies it was his own fault. While we were all eating—the jovial conversation and friendly good humor kept up the warm hospitality. For example when Frank Harrold called for the third chicken most of the men who had eaten only two laughed him out of it.

After the picnic supper there were more sightseeing trips. At Twilight we began to say goodbye. Everyone felt refreshed, everyone was happy, and as we came away to our homes each hoped that this picnic idea would grow into an annual affair.

Those present were: Mr. and Mrs. M. C. Stone, Mr. and Mrs. Joel George, Mr. and Mrs. Ray Lee, Miss Annie Langford, Mr. and Mrs. C. G. Winters, Francis Mabry, E. B. Stallworth, Mr. and Mrs. Arthur Goforth, Mr. and Mrs. C. T. Holland and Mildred, Mr. and Mrs. D. B. Greene, Mr. and Mrs. Joe Oneil, Miss Lillian Jones, Mr. and Mrs. W. A. Burgess, Mr. and Mrs. Billy Hogan, Mr. and Mrs. James A. Mathis, Mr. and Mrs. T. J. Trowell, Mr. and Mrs. James Lambert, Mr. and Mrs. G. T. Harvey, Jr., Mr. and Mrs. Ben Hogan, Mr. and Mrs. Fred Mathis, C. F. Lowery, Frank Harrold, Mr. and Mrs. Foye Baker, Mr. and Mrs. Walter Greene, Mr. and Mrs. Buford Toney, Mr. and Mrs. Bryant Mason, Mr. and Mrs. Eddie Wells, Miss Carey Henson.

## Community Chest

(Continued from Page One)

A special committee was appointed from each department. This committee will investigate the cases that run a certain length of time. The committee is as follows:

Marion Harrold  
W. A. Buice  
Cleo Tate  
Guy Loving  
Dewey Cook  
Guynell Bryant

For the past sixteen months the Community Chest has rendered aid to 50 families, 23 families which live outside the village. The financial aid report is as follows:

Coal	\$ 84.00
Insurance	114.40
Groceries	4866.40
Lockhart P. Co.	38.51
Drugs	220.56
Clothing	105.85
School Lunch	7.20

TOTAL \$5436.92

The families that have been given assistance wish to say "Thank You" to all who had a part in making a PACOLET MILLS COMMUNITY CHEST.

## ACCIDENT OF THE MON

## WHAT EVERYONE SHOULD KNOW ABOUT—

### Fire Prevention

1. STORAGE SPACES: Keep cellars, attics, and closets free from waste which breeds fires.

2. WASTE AND ASH CONTAINERS: All waste and ash containers should be of metal.

3. FLAMMABLE LIQUIDS: Flammable liquids should be kept in tightly closed containers. Never use them near a heater or flame or in a room with little ventilation. Cleaning fluids should be non-inflammable.

4. FIRE EXTINGUISHERS: Fire extinguishers should be recharged once each year. All members of the family should know how to use them.

5. ELECTRICAL EXTENSION CORDS AND WIRING: Get rid of defective cords and plugs. Do not overload your circuit. Be sure that all wiring is done by a competent electrician.

6. ELECTRICAL FUSES: Always use approved fuses—never use coins behind blown fuses.

7. MATCHES: Keep matches out of reach of children and away from heat. If you need light, use a flashlight.

8. BURN WASTE: An incinerator should always be used at a safe distance from any building. Keep an eye on the fire and leave the lid down.

9. CALLING FIRE DEPARTMENT: Do it promptly. Learn where alarm boxes are located and how to use them. If you phone, give address clearly.

10. HEATING EQUIPMENT: All fires, stovepipes, and chimneys should be kept clean and tight. Combustible surfaces near stoves, furnaces, and vents should be insulated. Fireplaces should be protected by full-fitting screens.

11. SMOKING: Keep plenty of ash trays around the house s cigars, cigarettes, pipe ashes, and matches can be disposed of safely. NEVER SMOKE IN BED.

12. INSPECTIONS: Inspect your premises at least twice a year and eliminate all fire hazards.

## BOY SCOUTS MEET

Monday night was National Roll Call and Inspection night for the boy scouts and for this special meeting were Mr. C. B. Rogers and Mr. Courtland Baker, scout executives for the Palmetto Council. The enrollment for Troop 1 is 67 at the present time.
