

Girl Scouts Go Hiking

Eighteen Girl Scouts took a four mile hike, taking their lunch and home made canteens from oatmeal boxes.

On this hike they worked on the tree and outdoor safety merit badges. At another outdoor meeting, with 18 attending, they cooked a one pot meal of American chop suey. Janice Kirby taught them how to make banana boats, which she learned at Juliette Low Girl Scout Camp. (Recipe—Pull banana peel back one slice, scoop out two spoonfuls of banana, place two marshmallows in the banana, spread with peanut butter and place a piece of Hershey Bar over this. Place the peeling back over this, wrap in tin-foil, bake in the ashes for two minutes. Try this in your oven.)

A Court of Awards was also held in the Scout room at the regular meeting hour. Brenda Kimberlain and Gail Wilkins received membership stars. Gail and Marty Ellison received First Class awards. Merit badges went to the above mentioned and the following: Joyce Baker, Janice Kirby, Jennie Walker, Yvonne Brown.

Ice cream was served.

The troop has been working on the Home Nurse, Child Care and Public Health merit badges since last winter and have almost completed the requirements. Upon completion, these five girls will have reached the highest rank award in girl scouting, the Curved Bar. They are, Patsy Brown, Maxine Wells, Gail Wilkins, Marty Ellison, and Brenda Kimberlain. A special Court of Award for these is being planned, to be held in the Montgomery Memorial Methodist Church, time of which will be announced later.

Celebrates Birthday

Gail Hogan celebrated her second birthday by giving a party for her friends at the home of her parents, Mr. and Mrs. Sam Hogan, on August 7th. Over 20 guests were present and they had a wonderful time with birthday cake, candles, etc. We haven't heard how the grown-up nerves survived but it's something they have to get used to, at least once a year.

Martin Family Reunion

One of the very nicest events of the summer was the Martin reunion which was held at the home of Mrs. Pinola Henderson in Cherokee County. It was the first reunion the family had ever attempted and while many of them were not able to be there, we counted an even hundred guests and with the exception of six friends they were all Martin relatives. The stepmother, Mrs. Mattie Martin of Cherokee Springs, was the head of the clan, and the children present included: Mrs. Mollie Martin Lewis, Charlotte, N. C.; Mrs. Texana Martin Crowe, Marshall, N. C.; Mr. Wilfred Martin, Ware Shoals; Mr. Claude Martin, Spartanburg; Mrs. Rachel Easler, Cherokee Springs; Mrs. Josie Kimble, Fingerville; Mr. Fred and Mr. Will Martin; Mrs. Pinola Henderson; Mr. Grady Martin; Mrs. Della Petty. There were at least 24 grandchildren. The tables were set with the most beautiful and most appetizing food and after everyone had eaten bountifully you could hardly miss the food consumed.

It's a wonderful thing for families to be able to get together for a reunion for so many families are so scattered that they are never able to meet at any one time.

FRED T. BOGAN RETIRES

Mr. Fred T. Bogan of Weave No. 5 retired on August 7th after working at Pacolet Mills for the past ten years.

Mr. Bogan who lives near Jonesville, has made many friends here among his fellow workers, and when he retired they made him a present of a new suit of clothes as a token of their friendship.

Mr. and Mrs. Bogan left for Lake Lure where they will spend two months resting and fishing at their son's summer home there.

Brown's Chapel Baptist Church News Items

Eighteen adult members enjoyed a dinner at Silica Springs fish camp recently.

The parsonage is now completed at a cost of about \$12,000. The church, now without a pastor, has elected Tom Sullivan, Dewey Padgett, Victor Brown, Robert Ingle, and Aubrey Brown as the pulpit committee. Trial sermons have been delivered by the Revs. Clyde Peterson and Paul White. Rev. Smith and Rev. Waddell are also scheduled to preach.

Even without a pastor, the Sunday School continues to grow. Four new members have also been added to the training union. The Intermediate B. T. U., which has 18 members (85 per cent attendance each Sunday) is now planning a social to be held on the church grounds, inviting the Sunday School Intermediates, classes of Mrs. Maude Bryant and Mr. Aubrey Brown.

The prayer band which is attended by all the churches, met at the home of Talmadge Loftis, with Mrs. Mattie Kirby in charge. The number attending was so great that they went to the church, and the Rev. H. C. Godfrey, a former pastor of Brown's Chapel, delivered a great sermon.

Folks Went Hither And Yon On Vacation Trips

Probably more of our people went on vacations this year than ever before. Here are some of the trips we have heard about.

Mr. and Mrs. Earl Morgan and family and Miss Patsy Hopper enjoyed a week's vacation in Florida. Helen says it's the only real vacation she ever had and she wants us to know about it. They visited Jacksonville, Daytona Beach, St. Augustine, Silver Springs, and spots by the way. It was a wonderful trip for them.

Lewis Wilkins and family spent a week at Windy Hill, which is near Myrtle Beach. Now Lewis says he will just have to visit State Park and show off his new tan, but its still a decidedly rosy tint yet.

W. C. White and family decided on the mountains and went as far as Nashville and Chattanooga and visited the interesting places in the Blue Ridge Mountains on the way.

Mr. and Mrs. Boyd Garner and Mr. and Mrs. D. B. Fowler took a fishing trip to the Santee Cooper. The ladies were so charmed with their first fishing experience they took the rods away from the boys and did some fancy fishing, and then didn't want to come home—they were having too good a time.

James Wells and family spent several days at Fontana Village in North Carolina, and they say Frank Harold is taking his vacation there and he said he was going to get a cabin and go to bed and just stay there and rest himself, by gosh.

Ben Hogan took a vacation but he spent it working on the new home on the Union Highway. He is building a lovely home there and it won't be long until it is finished. And speaking of homes we hear that Billy and Doris Hogan have moved into their new home.

Bob Ingham and family spent a week at Myrtle Beach. We have not had any reports but are sure they had a fine time.

Mrs. Fred Mathis, Miss Ruth

Mathis, Smoky and Mildred and small Janice took a trip to New Jersey to visit Ray and his family. Ray is recently back from Korea and was having his leave before reassignment. They report a wonderful time and Mildred says she saw — well — something she had always wanted to see, but didn't say if it came up to expectations.

Mrs. Hannah Green and Dot visited relatives in Scarsdale, New York, and Flushing, Long Island. It was Mrs. Green's first visit home in 13 years and they had a most wonderful time.

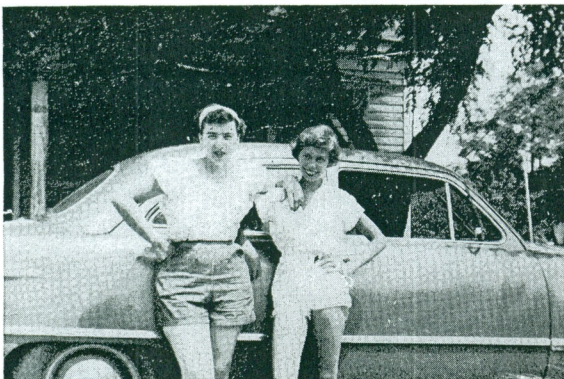

Mrs. George McIntyre of Fair

Bear Hug!

Mrs. Lucille Hart, along with Ed, Mrs. Gladys Hyatt and son, Arnold, and Fay Gentry, visited Newport, Tennessee and the Indian Reservation in the mountains of North Carolina. While taking snapshots of the small bear, Lucille stooped and the bear gave her a painful slap in the face. A scratch under the eye caused loss of time from work and the doctor's care.

Joanne Thompson and friend, Joanne Jones of Gaffney.

Mr. and Mrs. J. W. Waites, Kenny and Steve Waites; Miss Evelyn Millwood, Mrs. Myrtle Millwood, and Mrs. Agnes Millwood enjoyed a picnic dinner near Canton, N. C., on July 20th.

With The Men In Service

A nice letter from Johnny Ray Shepherd. Sent him the news letter as soon as we got his address, for we know how much getting mail from home means to these boys. He says they are going to like the Navy. Said they were all having dental work done and were really getting fixed up. All of them are gaining weight which seems to be the usual thing when they go into service. He says they had letters from a number of the boys in the Navy. I think those boys must know how they need mail to be so good as to write to them right away.

A letter from James Guyton says he is in the Naval Hospital at Yokosuka, Japan, and will be there for a month. He wants any of the boys who are near to come to see him there. He says again how very much he enjoys getting the paper and newsletter. He has seen Shelby Kirby and Bobby Patrick, and just missed seeing John Loving when they came into port.

We met Clarence E. Bradley at the filling station. He is working on the new bridge, and says he was a Marine buddy of Willie Fleming during World War II. He was injured and still wears a brace. Said he was going to have dinner with the Vernon Fleming family.

Bob Rice writes that mail call is the most important hour in a sailor's life, and that when he gets The Neigh and Newsletter, everything is just perfect. He says no one will ever know how much it means to the boys away from home to know the folks at home are interested in them and keep in touch with them.

Billy Hodge is at the front in Korea. I am sure he enjoyed seeing the picture of his brand new baby in the July Neigh. He writes that he got his paper up on the front lines and how very much it meant to him to have this general news from home.

Ray Shehan is out of the Navy and is home. He spent many long months in the Navy hospital, but thinks he will be entirely well now.

Claude Petty is on his way home from last account, and we are indeed very happy for him that his tour of duty in Korea is over.

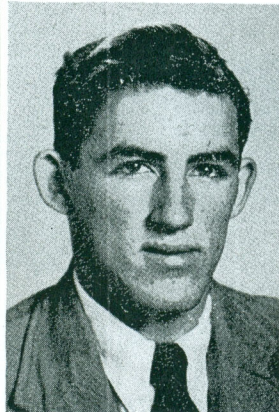

Robert Phillips is still at home but is due to return to his post in Germany soon.

We read a letter from Pfc. Eu-

DID YOU KNOW?

—That the Ten Commandments contain 297 words, Lincoln's Gettysburg Address only 266. Yet a Government bureau uses up 12,962 words in a document on "hand-operated foghorns!"

A wife has a perfect right to pour castor oil in her husband's whiskey, according to the Kentucky Court of Appeals, because "it is a wife's right to try to reform her husband."

Life lived just to satisfy yourself never satisfies anybody.

What can happen tomorrow depends on how we are living today.

One of the greatest victories you can gain over a man is to beat him at politeness. — Josh Billings.

No one can get the best of us—unless we let them play upon the worst.

Warm hearts make sound homes—but hot heads may break them.

SHORT SHORTS

Character — A man is as strong as his innermost thoughts and most sincere desires.

Fear oftentimes restraineth words, but makes not thought to cease.

—Thomas Vaux.

Our duty is to be useful, not according to our desires, but according to our capacities.

AFRAID OF LIFE

Too many people want too much from government. Instead of seeking opportunities, they seek an artificial security. They seem more afraid of life than death. . . . Patrick Henry immortalized himself by saying, "Give me liberty or give me death." Too many people today say only "Give me." — Gov. James F. Byrnes.

Always do right; you will gratify to some people and astonish the rest. — Mark Twain.

If you wish to travel far and fast, travel light. Take off all your envious, jealousies, unforgiveness, selfishness and fears.

Clothroom Picnic

About 40 employees of Pacolet Clothroom enjoyed a picnic at Cam Croft Park recently. Picnic lunch was carried by all, but the frying of the chickens out in the open was the most delightful part of the picnic. After swimming for several hours everyone was ready for the food. Games and contests were enjoyed after the lunch and every one reported a wonderful time.

Mr. Bryant Mason is over-seer of the room and Steele Mulwee and Everett Patrick are second hands.

BUSY

Here lies a poor woman who always was busy. She lived under pressure that rendered her dizzy. She belonged to ten clubs and read Browning at sight, Shone at luncheons and teas and was out every night.

She served on committees, and went near and far, She golfed and she "kodaked" and drove her own car. Liked urges and splurges, knew microbes by name, Approved of Delsarte, was a "Daughter" and "Dame."

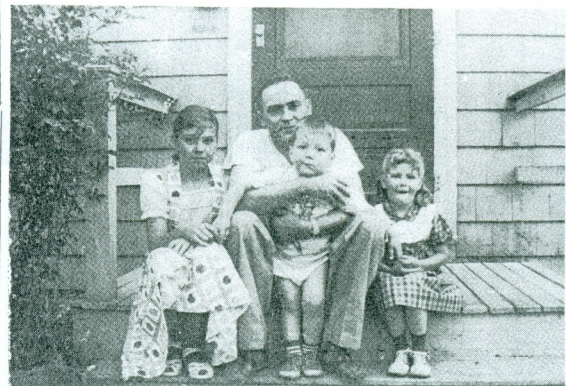

Her children she saw only once in a while, Her husband signed checks and tried hard to smile. One day on her schedule she found an hour free, The shock was too great — and she died instantly.

Thank God For TODAY

O Lord of Life — I thank Thee for today, The yesteryears are gone; tomorrow is not here; Today the golden link of that long chain — the year Today is mine! No prince can better fare. There are no millionaires of this pure gold of time; I have as much, no more, than he who begs a dime. Coin of the realm it is which all must use, And in the spending do I prove me king or slave— For it must all be spent. This gold no man can save, It must be spent; but it may be redeemed Bringing us wealth to which the Croesus treasures pale, Riches of mind and heart and soul that shall prevail.

—Elsie De Witt Johns.

Rev. Fred Bryant of Fingerville Baptist Church was guest speaker at Montgomery M. E. Church on Aug. 10. Fred was reared at Pacolet, studied for the ministry at Wofford College and worked and supported a family and put himself through college. We enjoy very much hearing him and are very proud of the success he has made thus far. People from Fingerville say he is a wonderful pastor and has really "made good."

CHARACTER AND REPUTATION

"The circumstances amid which you live determine your reputation; the truth you believe determines your character. Reputation is what you are supposed to be; character is what you are. Reputation is the photograph; character is the face. Reputation is a manufactured thing, rolled and plated and hammered and brazed and bolted; character is a growth. Reputation comes over you from without; character grows up from within. Reputation is what you have when you come to a new community; character is what you have when you go away. Your reputation is learned in an hour; your character does not come to light for a year. Reputation grows like the mushroom; character grows like the oak. Reputation goes like the mushroom; character lasts like eternity. A single newspaper report gives you your reputation; a life of toil gives you your character. If you want to get a position, you need a reputation, if you want to keep it you need a character. Reputation makes you rich or makes you poor; character makes you happy or makes you miserable. Reputation is what men say about you on your tombstone; character is what the angels say about you before the throne of God. Reputation is the basis of the temporal judgment of men; character is the basis of the eternal judgment of God."

Donald and Christine left recently for a lengthy visit to California. This is their first visit since they were married.

Miss Shirley Wells attended the wedding of her Columbia College room mate, Miss Betty Floyd, at Conway, in August. Miss Floyd was married to Travis Smith, also of Conway.

Capt. and Mrs. Forrest McClure and children of Atlanta, were visiting relatives here in August. Mrs. McClure was the former Miss Bernice Pierce, and has many friends here. Captain McClure is an instructor of R.O.T.C. at Georgia Tech.

Sports

Pacolet had one of the best seasons in sports in a long time.

The Pacolet Little League was very successful this season. They were in second place and had five players on the All Star Team which advanced to the semi-finals in the State Tournament at Clinton. The All Star players were: Tommy Guyton, Sam Fleming, Gerald Fowler, Larry Hodge, Bobby Tessner, Tommy Guyton, son of Mrs. Bernice Guyton Pace, won the State batting crown and was presented with a very nice trophy.

The Pacolet Ponies came in first place in the league. They had five players on the All Star Team which advanced to the quarter finals held at Pacolet Mills Ball Park. The players were Ken Rice, Ray Ellison, Boots Sullivan, George Banks, and Burl Fleming.

The Pacolet Mills Softball Team had one of the best teams in the State. They won the Spartanburg City League championship, the City League play-off, the District No. 7 Championship, and advanced to the finals in the State which were played at Columbia.

Doug Loveday, one of the best pitchers in the South, won thirty-one games and lost only six. He was given a trophy for the outstanding player in the State Tournament, and also a trophy for the best sportsmanship of the State.

Bill Allen was one of the best hitters on the team. His batting average was .427 for the season.

A runner-up trophy was presented to the Softball Team.

The Inter-Department Softball League was very energetic, arousing much enthusiasm among the fans. Card No. 3, with Wade Sullivan as captain, won the championship.

The Senior Women's League won five games while losing three, which put them in second place.

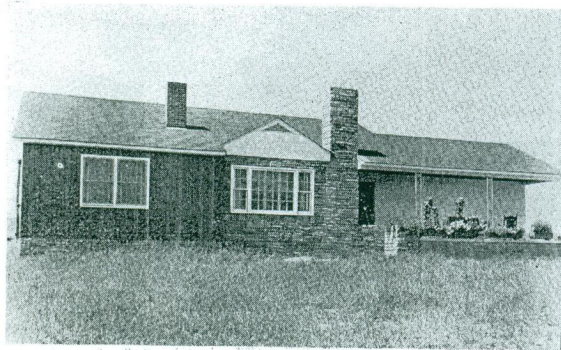

Will Lou Chalk, Mary Lou Millwood, and Joan Sullivan were chosen to play with Whitmire's All-Stars in Columbia. Will Lou was our home run queen this year.

Mr. and Mrs. Millwood In New Home

Mr. and Mrs. Carl (Yank) Millwood have moved into their home on the Union highway, and it is a lovely home indeed. Rhoda says they have both worked very hard to have this home, but they have it just as they want it.

They have five large rooms and a garage with concrete floor that is connected with the house. It opens from the screen back porch and is large enough for a storage place as well as car space. The living room is large and bright with polished floors and a corner fireplace of blond brick. Two large bedrooms well lighted and lovely tile bathroom with blue porcelain fixtures, a central hall that opens into all of the rooms and will contain the heating unit for the whole house.

The kitchen is a dream, of course, with all modern equipment. The dining room is lovely and beautifully furnished.

The Millwoods have all new furniture except for a family piece or two and it looks like a bride's house, sure enough. They are looking forward to the time when William can come home from Germany, and see the new home.

One feature we especially liked was a large cedar-lined closet that will hold any amount of clothing and bedding.

The front of the house is really on the side facing the highway with a large concrete porch with flower boxes in full bloom. We suppose the Millwoods will be finding things to do for a long time.

Pacolet Mills Baptist Church

During the summer different groups from our church have attended their respective Assemblies at Camp Rawls and Ridgecrest. At these places one can combine pleasure and profit. Pleasure because of the fine lakes, interesting games one can take part in, and beautiful paths over which to hike. Also much pleasure is derived in meeting people from all over the South interested in the same thing.

A stay at these places is profitable on account of the different classes, special Bible study, and the lectures by southwise leaders. Also they get to hear many of our missionaries.

The latest group to attend one of these places was some women who went to Ridgecrest for the W. M. U. Assembly. They were: Mrs. Lucille Baker, Miss Evelyn Baker, Mrs. Ella Caton, Mrs. Alva Goforth, Mrs. Minnie McCraw, and Mrs. Celia Pearson. They reported a wonderful time.

We had an interesting program at the last meeting of the Baptist Brotherhood. David Walker, chairman of the program committee, made an interesting talk and then presented John Poole, Poye Baker, T. J. Trowell, and Alfred Parker, all of whom made good, practical talks. The general theme was: How to get the young people more interested in the church life. After the program was over sandwiches and cold drinks were served by Mr. Trowell's group. There were twenty present.

The pastor spoke last Tuesday evening at the meeting of the Brotherhood at McGill Street Baptist Church of Concord, N. C., of which John H. Knight is pastor.

tended services while there.

Mrs. Evelyn Pace and Mrs. Kathleen Hyatt visited A/2e Donald Pace who is stationed at Camp Edwards, Mass. They visited New Bedford and the Cape Cod Canal while there.

Norman Reunion

In the mountains of Wilkes County, N. C., the Norman reunion was held. Among the 125 attending were Mrs. Minnie Cook and son, Harold Dean, Ray Bryant, James Bryant and family. Group singing was the highlight of the day. James says he enjoyed the dinner but his great delight was the fine singing and piano playing by different relatives.

VACATIONS—

(Continued from Page 1)

Haven, New York, with her two small sons, are guests of Mr. and Mrs. Earl Harmon and other relatives in the vicinity. Mrs. McIntyre was the former Pearl Henderson, and has many acquaintances here.

Mr. and Mrs. Alfred Parker and family and Mr. and Mrs. Ralph Baker and family and little Steve Goforth spent a week at Myrtle Beach in August. Steve, before going, said he didn't know whether they could all ride the waves at the same time because he didn't know whether there would be seats enough. We are waiting to hear his views when he returns.

Jean and Dewitt Smith of Tryon, N. C., and Shirley Wells left for New York on August 16th for a week's sightseeing trip.

Mrs. Estelle Montgomery spent a week at Lake Junaluska with Rev. and Mrs. B. H. Tucker. She had a wonderful cool time and at-

Thanks

GARNER

Mr. Robert Garner and children wish to thank their many friends for their great kindness and thoughtfulness during the last illness and death of Mrs. Robert Garner.

FLEMING

Mrs. Charlie Fleming says thanks to her good friends and neighbors and members of the churches for remembering her in her illness.

WALKER

Mrs. Margaret Walker wishes to thank all of the good friends, relatives and the churches for the reminders of their good wishes for her during her illness.

MARTIN

Mr. Fred Martin wants to take this means of saying Thanks to all of the people who made the occasion of his retirement a pleasure as well as sadness.

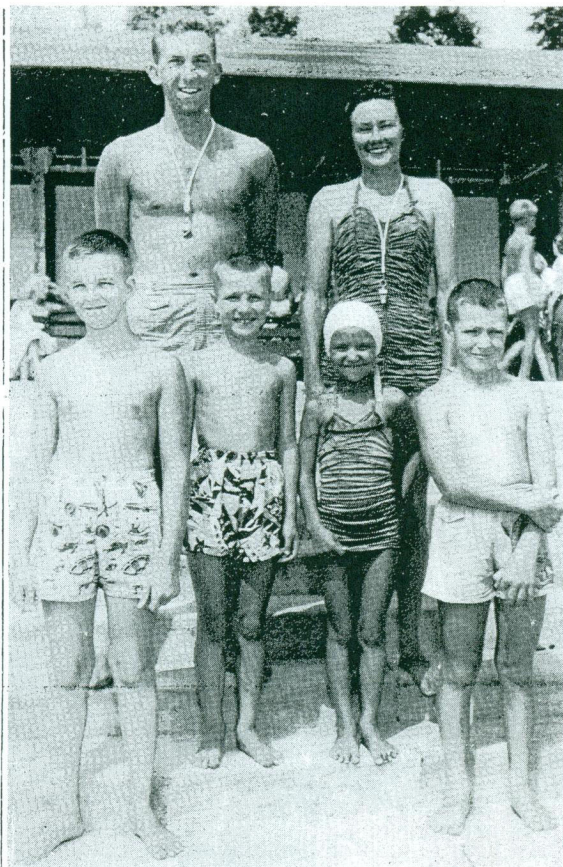

He says after the long years of association with his fellow workers and his daily meeting of them on the job, that it leaves a blank place in his life to just stop suddenly all this companionship.

The Martin family all agree that the party given for them and the expressions of friendship from the workers and from the officials of the mill were the greatest tribute they will ever have to remember as time goes on.

He says to tell you that they are really enjoying the television, and did not realize how much it would mean in the way of entertainment. And of course each time they turn it on their thoughts go once again to the good people who cared enough for him to make this lovely gift to him and Miss Laura, and it makes him very happy that the years brought this friendship to them.

McCRAW

Thank you for remembering me while I was in the hospital. — Louise McCraw.

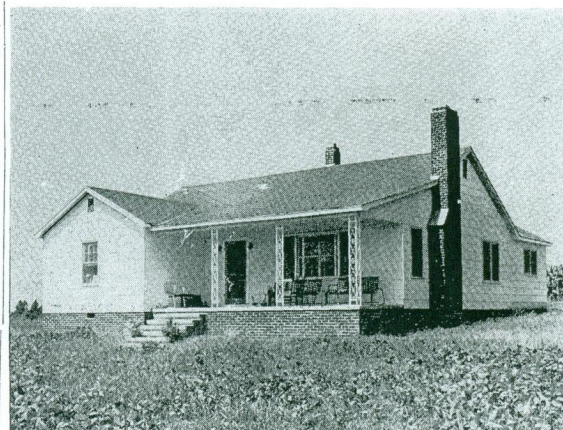

Youngsters Learn To Swim

The Red Cross and the State Forestry Commission sponsored "Learn To Swim" classes at Croft State Park during the month of July. More than 100 boys and girls received instruction.

Ann Millwood, Terry Garner, Herman Davis Jr. and Clifford Winters are shown in the picture with the instructors: Mrs. John Erickson and Mr. J. D. Morrison, who is also manager of the pool.

A class exhibition was held Wednesday afternoon, July 30th. Parents and friends of many of the learners were present.

Bert and Louise Brown's New Home

We visited Bert and Louise Brown and saw their new home for the first time. They have a six room house, two bedrooms, living room, dining room, kitchen, and a small sitting room that can be used for an extra bedroom when necessary. The walls are all finished with knotty pine paneling and are so bright and cheery that we wondered why more people hadn't thought of that.

They have a large kitchen with all modern equipment and can accommodate the whole clan when they gather, and if we know the family the kitchen will be the first place they head for. The bathroom is finished in tile and is roomy and bright. One thing Mrs. Brown Sr. called attention to was the two closets in Bert and Louise's room, one for each of them.

Bert did a great deal of the work on the place himself and still has a lot of things he wants to do, but they have a lovely, comfortable home and we are so happy for them.

Home Of Mr. and Mrs. Luther Jones

This home is of cement blocks, located about a mile from the mill on the Bonner Store road. The Jones family has been connected with Pacolet Mills for several generations.
